

Student Advisory Council Transcript

October 28, 2021

1

00:00:08.340 --> 00:00:15.150

Wilson Garland: etc, so, in any case thanks for joining us this evening, and I know it's a.

2

00:00:16.170 --> 00:00:23.880

Wilson Garland: Big time commitment with all the other things that are going on, particularly at this time of the Semester so thanks for taking the time to join us.

3

00:00:25.860 --> 00:00:42.690

Wilson Garland: i'm Wilson Garland and i'm the project manager for the transformation projects and initiatives and, as I said, let's just go around and quickly introduce ourselves which institution work from and maybe what program we're in a we're in a program so.

4

00:00:44.010 --> 00:00:45.240

Wilson Garland: Gabriel why don't you go first.

5

00:00:46.980 --> 00:00:54.300

Gabriel Wilkinson: hi i'm David Wilkinson I am the student Council President here at Vermont tech I am currently on the randolph campus.

6

00:00:55.980 --> 00:00:57.630

Gabriel Wilkinson: I am a computer software engineer.

7

00:00:59.130 --> 00:01:00.930

Wilson Garland: Right Thank you Kevin.

8

00:01:01.980 --> 00:01:11.010

Kevin McGreal (He, Him, His): i'm real i'm a CCV student student leader of the student advisory leadership Council there and i'm in liberal studies Program.

9

00:01:12.210 --> 00:01:13.680

Wilson Garland: Right mores.

10

00:01:14.550 --> 00:01:26.790

Maurice Ouimet: hi everyone i'm reese one that i'm dean of enrollment i'm also leading the student experience transformation team, so I want to echo Willie Wilson sentiments of thanking you all for making time to be with us, because we really value your input.

11

00:01:29.550 --> 00:01:30.450

Wilson Garland: Alexandra.

12

00:01:32.190 --> 00:01:42.270

Alexandra Huff (She/They): hi i'm Alex i'm from the envy London campus and i'm studying about everything offered in the journalism and communications department way too many things to listen.

13

00:01:43.830 --> 00:01:45.360

Wilson Garland: Great make.

14

00:01:47.730 --> 00:01:52.170

Meg Walz: hi i'm Mike wallace i'm with the office of the Chancellor in the IT department.

15

00:01:54.330 --> 00:01:55.290

Wilson Garland: Thanks and matt.

16

00:01:57.270 --> 00:02:02.490

Matt Condon: hi everyone i'm matt condon i'm a third year student and view London and I study atmospheric science.

17

00:02:03.750 --> 00:02:04.140

Wilson Garland: Great.

18

00:02:05.520 --> 00:02:06.120

Wilson Garland: Yes, me.

19

00:02:07.140 --> 00:02:18.210

Yasmine Ziesler: hi everybody i'm yes Menzies slur i'm the chief academic officer in the chancellor's office I lead the academic operations team so like Maurice i'm just really grateful to you all for taking the time to.

20

00:02:18.990 --> 00:02:25.440

Yasmine Ziesler: share your thoughts with us and i'll just also mentioned, I used to be a castle to them before that it CCTV.

21

00:02:28.500 --> 00:02:30.300

Wilson Garland: Thanks Julia.

22

00:02:31.800 --> 00:02:38.370

Gillian MacDonald: hi everyone i'm Joe McDonald i'm the President and view London and I study special education in psychology.

23

00:02:40.950 --> 00:02:42.240

Wilson Garland: Thank you Mike.

24

00:02:45.480 --> 00:02:54.270

Michael Stevens: hey folks make stephen's i'm currently facilities director of the interview and i'm also overseeing the facilities planning something.

25

00:02:56.430 --> 00:02:57.810

Wilson Garland: Next Mike Ryan.

26

00:03:00.480 --> 00:03:08.280

Cooney, Ryan J.: Ryan cooney professional path technology program after my texts Wilson campus and also trustee with RON state college systems board of trustees.

27

00:03:10.170 --> 00:03:11.730

Wilson Garland: Thanks Ryan serena.

28

00:03:13.800 --> 00:03:23.130

Sarina Pesinkowski: hi everyone i'm serving a peasant kalki a fifth year student here Johnson campus studying psychology and also doing an associates program through and just.

29

00:03:24.990 --> 00:03:26.580

Wilson Garland: Like you today.

30

00:03:29.670 --> 00:03:38.700

Tajae Edwards: I am tasha edwards the president of the N double ACP chapter here at casting university and my major is management and systems statistics sorry.

31

00:03:41.130 --> 00:03:42.270

Wilson Garland: Thanks just.

32

00:03:44.280 --> 00:03:51.540

Jess Bickford (She/Her): hi i'm just pickford um I am a junior music education major here at castles in university.

33

00:03:53.370 --> 00:03:53.700

Right.

34

00:03:54.900 --> 00:03:55.950

Wilson Garland: and meaningful.

35

00:04:10.740 --> 00:04:11.190

Wilson Garland: alright.

36

00:04:13.350 --> 00:04:15.030

Wilson Garland: Maybe he'll be joining us here in just a second.

37

00:04:16.140 --> 00:04:22.980

Wilson Garland: Okay well tonight we're going to be talking about student experience and we have a number of different topics that we're going to.

38

00:04:24.360 --> 00:04:25.140

Wilson Garland: Talk about.

39

00:04:26.700 --> 00:04:28.710

Wilson Garland: So let me just share my screen here.

40

00:04:31.980 --> 00:04:33.510

Wilson Garland: Okay, can you all see my screen.

41

00:04:35.310 --> 00:04:38.400

Wilson Garland: Thank you alright so.

42

00:04:40.770 --> 00:04:48.360

Wilson Garland: As I said, you know we've talked the last time we got together about student experience, particularly things like admissions and students support and.

43

00:04:49.320 --> 00:04:58.320

Wilson Garland: Those types of topics and tonight we're going to talk more about student life residence life, some of the aspects that fit into student government.

44

00:04:59.670 --> 00:05:07.350

Wilson Garland: And also athletics both sort of varsity athletics, as well as interim minerals and other things like that so.

45

00:05:08.370 --> 00:05:18.570

Wilson Garland: If you don't mind we'll just kind of jump in and just as a reminder we're in the in the part of the process for the transformation, where we're really trying to do discovery.

46

00:05:19.050 --> 00:05:25.980

Wilson Garland: we're really trying to understand, based on what we're doing today what's working what's not working, what are some other things that we should consider.

47

00:05:26.580 --> 00:05:35.280

Wilson Garland: That would improve the student experience and so as we go through the the different topics, those are really the questions that we're looking to answer.

48

00:05:35.820 --> 00:05:52.890

Wilson Garland: But we really want to hear from you and we want to hear what's important to you about the different types of student life and student experiences that we offer and get some sense of how they've played a role in in your experience and what things we should think about as we move forward.

49

00:05:55.260 --> 00:06:14.010

Wilson Garland: So with that the first area that we're going to tackle a student life and activities, you know things like activities and clubs, you know part of that is is, you know how we think about those being organized in terms of on campus or you know across campuses etc.

50

00:06:15.090 --> 00:06:27.750

Wilson Garland: Health and counseling services spiritual life service learning and community service, these are all areas that we're thinking about as we go through transformation and trying to make sure that we have the right things in place for students so.

51

00:06:28.920 --> 00:06:38.790

Wilson Garland: As as in past sessions i'll kind of let folks jump in and offer thoughts about what their experience has been like and what's working and what's not working in some of these areas.

52

00:06:44.220 --> 00:06:46.830

Gabriel Wilkinson: um, I guess, I can start here so.

53

00:06:47.910 --> 00:06:54.870

Gabriel Wilkinson: As far as like clubs and activities we recently here on the etc combined our student Councils so.

54

00:06:55.980 --> 00:07:01.890

Gabriel Wilkinson: We went from being the student Council where i'm at used to just be around off Now it is the entirety of etc.

55

00:07:03.540 --> 00:07:06.180

Gabriel Wilkinson: This has been a it's been a challenge.

56

00:07:07.770 --> 00:07:15.570

Gabriel Wilkinson: And yeah we've had some it's it's been very interesting seeing the all the how all the different campuses used to handle their clubs.

57

00:07:15.870 --> 00:07:19.290

Gabriel Wilkinson: Like it previously speaking all of the other campuses used to kind of just.

58

00:07:19.620 --> 00:07:28.230

Gabriel Wilkinson: Like they would basically just get a portion of the student activities money, based on their campus population and they were just literally told you do whatever.

59

00:07:28.770 --> 00:07:31.380

Gabriel Wilkinson: And so we've been having to integrate that into our.

60

00:07:32.130 --> 00:07:41.340

Gabriel Wilkinson: Our already existing club constitution, which has lots of like rules and stuff and then what you could spend it on like, for example, we don't let people buy textbooks their student activities fee or things that are just meant for their.

61

00:07:41.730 --> 00:07:56.370

Gabriel Wilkinson: Education, or like you know things that they have to have to be here with the goal is to have I guess get them to buy things that they wouldn't be able to normally get and people, so they can have experiences that are unique and fun.

62

00:07:57.480 --> 00:08:14.760

Gabriel Wilkinson: But yeah that's been a that's been interesting also doing all of that over zoom because a large percentage of probably a 50% of our clubs are off campus and so yeah it's it's interesting we've had some couple clubs who've gone rogue and.

63

00:08:15.780 --> 00:08:22.230

Gabriel Wilkinson: they've just not showing up to meetings and stuff we have one club that we found out didn't even have a registration and because.

64

00:08:22.890 --> 00:08:29.820

Gabriel Wilkinson: Unfortunately, a bunch of our clubs have the same names are very similar names because they're from nursing sites, so you got like a.

65

00:08:30.360 --> 00:08:45.330

Gabriel Wilkinson: Sub like I don't know Willesden PM vilest in ADN Rutland pn will Rutland ADN copy that for like five other campuses so yeah one of them, managed to slip through and we haven't even figured out who's we don't even know the email address of the person running the club.

66

00:08:46.410 --> 00:09:00.240

Gabriel Wilkinson: So that one's we're fine we're working on it at the moment but yeah that's been that's been a little bit of a mess, but other than that we've been handling it really well and it's been going the generally pretty darn good yeah.

67

00:09:01.440 --> 00:09:04.530

Wilson Garland: So, so it sounds like the way you described it that a lot of the clubs that.

68

00:09:06.000 --> 00:09:11.820

Wilson Garland: have your campus are organized or did you stay organized around professional areas of interest as.

69

00:09:11.820 --> 00:09:13.140

Gabriel Wilkinson: So not.

70

00:09:13.800 --> 00:09:14.250

So.

71

00:09:15.450 --> 00:09:18.630

Gabriel Wilkinson: The ones that are off of the randolph campus.

72

00:09:18.690 --> 00:09:19.590

Gabriel Wilkinson: are based around.

73

00:09:19.650 --> 00:09:24.330

Gabriel Wilkinson: There we have a lot of nursing clubs like i'd say.

74

00:09:25.380 --> 00:09:40.140

Gabriel Wilkinson: Almost 50% of our clubs are nursing clubs, where it is either like a piano or an ad and site or midlife or we have tons and tons of them and then the rest are they there's a we have like.

75

00:09:41.370 --> 00:09:45.630

Gabriel Wilkinson: A few based around majors like we have vet tech club BF ground transportation.

76

00:09:47.160 --> 00:09:57.390

Gabriel Wilkinson: But other than that most of them are just hobbies like say I don't know magic the gathering or Bowling or dungeons and dragons things like that yeah.

77

00:10:00.120 --> 00:10:02.550

Maurice Ouimet: Sorry, I was just asking do you have a sense of what they.

78

00:10:02.580 --> 00:10:07.080

Maurice Ouimet: Do like in those academic clubs like maybe one that you're familiar with just to kind of share.

79

00:10:07.380 --> 00:10:08.760

Gabriel Wilkinson: So, like the nursing sites.

80

00:10:08.910 --> 00:10:19.830

Gabriel Wilkinson: yeah so um, and this is a very, very easy actually describes because they all do exactly the same thing they all go and they have like weekly lunches.

81

00:10:21.210 --> 00:10:22.680

Maurice Ouimet: yeah and.

82

00:10:23.460 --> 00:10:33.600

Gabriel Wilkinson: That was one of the that was one of the big message that beginning of semester, because we had a we were \$50,000 over our budget and we had every single nursing site requesting like.

83

00:10:35.700 --> 00:10:51.840

Gabriel Wilkinson: upwards, some of them were up to 15 grand each and just food, and it was like this is this isn't going to work so we're working on it at the moment we're making reference from Reformation so our constitution and stuff it's a it's a time consuming process, yes.

84

00:10:54.000 --> 00:10:54.390

Thank you.

85

00:10:56.190 --> 00:10:59.490

Jess Bickford (She/Her): um for Castle tins I know Tom Jay and I.

86

00:11:00.510 --> 00:11:06.150

Jess Bickford (She/Her): are both pretty active in a lot of the student activities and everything and.

87

00:11:07.200 --> 00:11:17.490

Jess Bickford (She/Her): I think one thing that Castle tune does very well, is that students can create their own programs on clubs and activities that they want to do, basically so i'm.

88

00:11:17.880 --> 00:11:27.540

Jess Bickford (She/Her): I am President of our nafie club so National Association for music, educators and where we do different professional development groups.

89

00:11:28.080 --> 00:11:39.660

Jess Bickford (She/Her): We go to conferences Vermont using educators association we go and we recruit help recruit for castletown as well for the music department and.

90

00:11:40.230 --> 00:11:50.850

Jess Bickford (She/Her): The arts as a whole and then also there's a club which i'm Vice President of for active minds for mental health breaking the stigma across campus.

91

00:11:52.050 --> 00:12:03.840

Jess Bickford (She/Her): There are literally any club, you can think of, you can start it, which is really nice and it's really easy to start wanting to which I found very helpful as a first year, I had no idea how to start a club.

92

00:12:04.170 --> 00:12:15.720

Jess Bickford (She/Her): So active minds restarting it up was a process but me and another student were able to do it very easily and it made a lot of sense to us, which I really loved about our programs and how we do it.

93

00:12:18.870 --> 00:12:20.310

Gillian MacDonald: To piggyback off of jess.

94

00:12:20.370 --> 00:12:37.110

Gillian MacDonald: and V Linda and you can also start a club pretty easily and our clubs are like i'd say a 5050 split of academic this clubs and like fun based clubs we've had clubs range from like our Ms chapter to like a sandwich club and, like all these crazy clubs.

95

00:12:41.760 --> 00:12:42.000

Gillian MacDonald: So.

96

00:12:42.030 --> 00:12:44.520

Wilson Garland: So for the clubs that are sort of academic related or.

97

00:12:44.520 --> 00:12:56.670

Wilson Garland: Professional related i'm curious is that something you see as part of how you're thinking about career development or is it more just a an interest area that you have it, have while you're there in college.

98

00:12:57.930 --> 00:12:59.460

Jess Bickford (She/Her): So for.

99

00:12:59.820 --> 00:13:03.690

Jess Bickford (She/Her): Our music department with our Naf me and ACTA clubs.

100

00:13:04.080 --> 00:13:20.190

Jess Bickford (She/Her): And they're open to anybody they're required for music majors and you scan majors but they're really open to anybody and sometimes we get other students who are just interested in learning more about how choral teachers teach and how.

101

00:13:21.300 --> 00:13:26.100

Jess Bickford (She/Her): Music teachers branch out and do everything like that which I really like and.

102

00:13:26.670 --> 00:13:33.060

Jess Bickford (She/Her): they're open to anybody, which is nice most of the time nursing ones normally you won't get a music major and nursing club.

103

00:13:33.420 --> 00:13:46.890

Jess Bickford (She/Her): But that's understandable but it's really nice just to see people like branching out and doing things outside their comfort zone, because it's a club it's not graded it's just something they can pop in on and or in something new.

104

00:13:53.250 --> 00:14:04.890

Alexandra Huff (She/They): So our student newspaper on the London campus we are 100% student government funded and we are 100% a separate club entity, aside from academics.

105

00:14:05.190 --> 00:14:14.370

Alexandra Huff (She/They): But we do work with the journalism and communication communications department oh my gosh I just got out of 530 broadcasts like done talking for the night.

106

00:14:14.850 --> 00:14:27.870

Alexandra Huff (She/They): um but we work with our professors for the journalistic writing class and the news writing classes, for example, and we give students, an opportunity to take their classroom writing.

107

00:14:28.110 --> 00:14:37.920

Alexandra Huff (She/They): to a new level so it's still a pretty casual club environment, but we encourage those students to apply skills that they're learning in their classes and use it for more and get.

108

00:14:38.340 --> 00:14:49.350

Alexandra Huff (She/They): A semi real world, but still safe space experience on our club members range from students who are majoring in journalism to students who.

109

00:14:49.650 --> 00:15:00.300

Alexandra Huff (She/They): Do photography or drawings and cartoons on the side to people who just want to be in the know of what's happening on and around campus, but there are.

110

00:15:01.140 --> 00:15:12.000

Alexandra Huff (She/They): No requirements really for any of the London campus clubs it's definitely encouraged for those studying atmospheric sciences as i'm sure matt can confirm to join.

111

00:15:12.300 --> 00:15:23.850

Alexandra Huff (She/They): Ms it's encouraged for music business students to join our music entertainment industry association students in exercise science usually.

112

00:15:24.420 --> 00:15:39.510

Alexandra Huff (She/They): kind of drift towards sports medicine, but none of our clubs are really part of academia, in order to be a chill casual environment, though they do kind of seep from that.

113

00:15:47.100 --> 00:15:50.790

Wilson Garland: anyone else have a club or activity experience they want to want to share.

114

00:15:51.750 --> 00:15:53.460

Kevin McGreal (He, Him, His): yeah go ahead.

115

00:15:54.420 --> 00:15:59.730

Tajae Edwards: No, I just really wanted to like put attention to like cab under castles and Campus.

116

00:16:00.750 --> 00:16:06.780

Tajae Edwards: Which is the camp campus activities board, they are so good, with like keeping activities are.

117

00:16:07.140 --> 00:16:08.130

Wilson Garland: Teaching weekly.

118

00:16:08.370 --> 00:16:12.690

Tajae Edwards: and different different months and different significance, like you know October.

119

00:16:13.530 --> 00:16:19.770

Tajae Edwards: A lot of Halloween activities we have Bingo we have raffles we have poetry nights we have.

120

00:16:20.970 --> 00:16:29.850

Tajae Edwards: karaoke it's just always something going on and it's I feel happy to know that I can't even keep up with those activities and there's always something to do.

121

00:16:30.180 --> 00:16:39.030

Tajae Edwards: And, even with the cia's we have you know we have four programs first semester, and that there's a lot of CA so there's always something going on now there's a lot of.

122

00:16:39.780 --> 00:16:50.670

Tajae Edwards: seeds focusing on time management and doing different presentation about you know mental health Suicide Prevention and all those things because that's important for this month and I really like that.

123

00:16:56.790 --> 00:17:04.800

Kevin McGreal (He, Him, His): As CCTV is a little different we don't have clubs or really activities or anything i'm super organized like that.

124

00:17:05.310 --> 00:17:16.590

Kevin McGreal (He, Him, His): You know, we don't there was, I guess, there were activities budgets per Center, but when we went remote during the pandemic that money just wasn't being used, and we were trying to figure out how to appropriate it.

125

00:17:17.790 --> 00:17:18.690

Kevin McGreal (He, Him, His): Since then.

126

00:17:22.140 --> 00:17:35.040

Kevin McGreal (He, Him, His): it's something we're trying to to explore and work on I know we're just using canvas right now i've talked a little bit about the Community Center that we're developing that's still very much in its pilot phases and there's also.

127

00:17:37.110 --> 00:17:43.200

Kevin McGreal (He, Him, His): The administration built these programmatic canvas sites that may be kind of like a.

128

00:17:45.030 --> 00:17:53.580

Kevin McGreal (He, Him, His): Some of the more professional or or major based clubs, it sounds like there's like events and career building stuff and ways to connect students with.

129

00:17:53.880 --> 00:18:03.420

Kevin McGreal (He, Him, His): Other students in their majors and that's that's all just on canvas right now so students are automatically enrolled in those courses those programmatic.

130

00:18:03.900 --> 00:18:17.790

Kevin McGreal (He, Him, His): centered courses and then they have access to resources and stuff through that and I haven't heard any like they literally just launched them like a month ago, so I haven't had any feedback on experiences with that, but i'm hoping to find out how that's working in the future.

131

00:18:19.380 --> 00:18:27.180

Kevin McGreal (He, Him, His): It i'm something I would love to see for CCD students is a little more access that in this merger.

132

00:18:28.020 --> 00:18:40.380

Kevin McGreal (He, Him, His): is perhaps more connections between like for like online events or stuff like that, just to have availability to CCD students are, let us know what's going on and have ways for them to register for them.

133

00:18:40.980 --> 00:18:53.580

Kevin McGreal (He, Him, His): Because you know I think there's a lot of cool things that are happening across the schools across the state, and right now we just don't really have a mechanism of connecting students to that and I would love to see more opportunities for activities in the future.

134

00:18:59.340 --> 00:18:59.820

Wilson Garland: Thanks.

135

00:19:01.110 --> 00:19:02.040

Wilson Garland: anybody else.

136

00:19:03.840 --> 00:19:05.040

Wilson Garland: Did you have your hand raised.

137

00:19:07.920 --> 00:19:21.750

imuneek: I did I just I didn't get to introduce myself i'm chest you it, I am a student and cast in university and I am a business marketing major um, but I just wanted to kind of.

138

00:19:22.380 --> 00:19:30.540

imuneek: share something that I thought was really interesting about cabot castles and it's the fact that not only do they do the Bingo events, but they do.

139

00:19:31.620 --> 00:19:40.320

imuneek: Things like trips to like Boston to go see like a baseball game, or to go like a mass moca like a museum or something like that and I thought.

140

00:19:40.560 --> 00:19:55.080

imuneek: That that was pretty cool experience for like people that you know never really got a chance to go to kind of things like that, so they do a really good job of implementing those types of TRIPS and things like that, and the Program.

141

00:19:56.430 --> 00:19:57.780

Wilson Garland: Thanks that sounds really cool.

142

00:20:00.030 --> 00:20:10.860

Wilson Garland: And I have a question for those of you at castles and are some of the cab activities are they integrated with your connections courses or is that a separate thing.

143

00:20:13.500 --> 00:20:14.010

Wilson Garland: Is there any.

144

00:20:14.040 --> 00:20:24.840

Jess Bickford (She/Her): far as I can tell it's a separate thing so normally connections courses and they have the sls leaders, most of them are on cam.

145

00:20:25.170 --> 00:20:25.560

Jess Bickford (She/Her): Which is.

146

00:20:25.770 --> 00:20:39.090

Jess Bickford (She/Her): ironic and they're all like very involved in campus and things on connections normally goes more into soundings as far as I know, but I could be wrong about that so correct me.

147

00:20:40.440 --> 00:20:40.950

Jess Bickford (She/Her): If i'm wrong.

148

00:20:41.520 --> 00:20:43.830

Tajae Edwards: There you're absolutely right, but you know.

149

00:20:45.240 --> 00:21:05.670

Tajae Edwards: clubs and these associations intermingle and all these events they're heavily promoted that's Another good thing these events are heavily promoted digitally I like physically so that's how a lot of people like integrating these different clubs and organizations events.

150

00:21:07.230 --> 00:21:07.860

Wilson Garland: worries.

151

00:21:08.400 --> 00:21:15.060

Maurice Ouimet: I was just going to ask a follow up question to chest, because you brought up early good point about some of the bus trips and things like that that happened.

152

00:21:15.390 --> 00:21:29.820

Maurice Ouimet: i'm sure they happen on the other, campuses too, but do you think that in the future, that would be interest and cross campus involvement so like if let's say one campus was spontaneous trip to Boston you know other students may be interested in something like that and.

153

00:21:29.850 --> 00:21:32.250

Maurice Ouimet: You know to be able to travel to hop on the bus and.

154

00:21:32.280 --> 00:21:36.510

Maurice Ouimet: participate in that that's something that you guys think would be a value.

155

00:21:38.670 --> 00:21:40.200

Gabriel Wilkinson: it'd be really cool yeah.

156

00:21:40.350 --> 00:21:41.040

imuneek: I know we have.

157

00:21:41.850 --> 00:21:48.750

Gabriel Wilkinson: yeah we have a couple clubs that do strip like that it really cool to be able to go down, have a send those clubs out to grab people from all the different campuses.

158

00:21:51.660 --> 00:21:52.920

Maurice Ouimet: Sir, thank you.

159

00:21:54.120 --> 00:21:58.320

imuneek: um I also think it'd be just good to kind of integrate people to.

160

00:21:59.880 --> 00:22:05.220

imuneek: Just to kind of you know, build friendships and whatnot um across the campuses so well.

161

00:22:10.170 --> 00:22:23.070

Alexandra Huff (She/They): If I may, I remember my first year our campus activities board went down to Pennsylvania for an APP go Conference, which is a giant mosquito get out here.

162

00:22:23.790 --> 00:22:34.620

Alexandra Huff (She/They): A giant conference of a bunch of schools from across New England who have camps activities boards, or I know at Johnson it's called slap I don't remember what slap stands for.

163

00:22:35.070 --> 00:22:44.250

Alexandra Huff (She/They): But you know activities associations on their campuses and we all went there and we met these bands and these magicians and these comedians.

164

00:22:45.150 --> 00:23:09.240

Alexandra Huff (She/They): And you could buy by these services of magicians and comedians and whoever coming to your campus or having these people that like made signs are made like little glass figures that had like your face 3D holographic inside it was really weird but if, like for say Castle tin wanted.

165

00:23:10.260 --> 00:23:20.370

Alexandra Huff (She/They): magician Michael Kent on a Tuesday night and then he stayed in Vermont to come up to London on Wednesday and then he went to Johnson on.

166

00:23:21.900 --> 00:23:29.070

Alexandra Huff (She/They): Thursday i'm losing my days of the week, visited the dtc campuses went to different CC V centers those.

167

00:23:29.430 --> 00:23:36.570

Alexandra Huff (She/They): The cost of him going to one school would be significantly cheaper because he would be in the area for all the others.

168

00:23:36.870 --> 00:23:42.600

Alexandra Huff (She/They): And it's something I know we talked about, I believe, with Castle tins cab board, and this was like you know.

169

00:23:42.900 --> 00:23:49.770

Alexandra Huff (She/They): Three four years ago when we were looking at oh our students are interested in this person or your students interested in this person, and then we can like.

170

00:23:50.640 --> 00:24:08.010

Alexandra Huff (She/They): rent their time together so it's cheaper for everybody um and that of course coven hit you know and kind of everybody stopped visiting all the campuses but we're starting to bring performers back here we just had an open MIC hosted by a drag queen emoji nightmare, the other night.

171

00:24:09.150 --> 00:24:24.480

Alexandra Huff (She/They): And we bring speakers about every other week now but i'd love to see us kind of renew that partnership, because it'd be cheaper for all of our schools, at the end of the day, and also give students.

172

00:24:24.960 --> 00:24:29.670

Alexandra Huff (She/They): If you can't make one show Maybe you can make another show at a nearby campus or.

173

00:24:30.360 --> 00:24:42.480

Alexandra Huff (She/They): We also on Lyndon Johnson campuses live stream in person events we have different cameras in the theater that can film events from different angles and we live stream them and give the link out.

174

00:24:42.660 --> 00:24:50.610

Alexandra Huff (She/They): So i'd love to see those links and that technology be on every single campus so that if there's something happening at.

175

00:24:51.030 --> 00:25:00.810

Alexandra Huff (She/They): Castle tin, which is very far away from us and we don't necessarily have the time between classes to go down there and physically enjoy ourselves, we can still tune in and.

176

00:25:01.380 --> 00:25:07.590

Alexandra Huff (She/They): You know check out what's going on there, maybe meet some people in an online chat room kind of thing.

177

00:25:08.280 --> 00:25:18.480

Alexandra Huff (She/They): But I know it's stuff that is possible that we've talked about in the past but kind of held off conversations with but i'd also like to pass off a question to Castle tin folk.

178

00:25:19.170 --> 00:25:24.210

Alexandra Huff (She/They): You say that you know your cab is doing very well with advertising events and such.

179

00:25:24.510 --> 00:25:40.050

Alexandra Huff (She/They): Can you provide more specifics, because we're making posters and instagram posts and weekly email sent out to the entire student body, and we have table tents around campus and it's too hard to get students involved, so if you have any suggestions would appreciate.

180

00:25:43.350 --> 00:25:44.700

Tajae Edwards: You know there's always like this.

181

00:25:44.820 --> 00:25:55.200

Tajae Edwards: Digital billboard thing like i'm like flowing with different activities and that's always like like a pension grabber and they're always promoting their events do we have like big.

182

00:25:56.100 --> 00:26:11.640

Tajae Edwards: poster cases that they put their events at, and then they have like a lot of emails are sent remind email reminders constant you know posters that sees get to hang up all over the residence halls and.

183

00:26:14.100 --> 00:26:17.130

Tajae Edwards: You know just word of mouth walking around spreading it.

184

00:26:18.570 --> 00:26:21.240

Tajae Edwards: yeah I think they've been very effective.

185

00:26:22.440 --> 00:26:32.460

Jess Bickford (She/Her): One of the other things i'm so Naf me does this on campus so we actually we don't do many things with Vermont campuses, and so one of the only.

186

00:26:33.660 --> 00:26:38.100

Jess Bickford (She/Her): Music ED departments, with an athlete program but we went to.

187

00:26:39.960 --> 00:26:52.260

Jess Bickford (She/Her): The all Eastern conference and we like presented to them and everything and we actually do like last semester we did one and then this semester i'm planning on also where we connect with all that, like nafie groups.

188

00:26:54.000 --> 00:27:05.190

Jess Bickford (She/Her): In all the New England states and go on zoom and we all just talk about things so honestly, if you want the email of our sta President and can people.

189

00:27:05.760 --> 00:27:16.200

Jess Bickford (She/Her): They would most likely be very interested in talking to you and just getting ideas, because one of my things is a lot of people here Castle sense is that we learn from each other.

190

00:27:17.520 --> 00:27:25.410

Jess Bickford (She/Her): So i'm sorry that's my cat making noise, so if you if you want that information just let me know.

191

00:27:27.930 --> 00:27:28.140

Jess Bickford (She/Her): The.

192

00:27:28.200 --> 00:27:33.420

Gabriel Wilkinson: same Europe of etc, I know we we don't have any of the music stuff or anything but, like our.

193

00:27:33.510 --> 00:27:42.210

Gabriel Wilkinson: Student activities coordinator, we like we have a we have, I think we have a much smaller student activities group and you guys you guys seem to have like actual boards, we have.

194

00:27:42.660 --> 00:27:55.230

Gabriel Wilkinson: Like one person, a week just initiated the process for the student activities group which is going great I think we have exactly zero members at the moment, so.

195

00:27:56.040 --> 00:28:08.010

Gabriel Wilkinson: yeah but yeah i'm sure he would love to coordinate with your clubs and stuff So if you guys have or your your student activities stuff So if you have like events going on, and we have events going on, we can plan that out.

196

00:28:12.120 --> 00:28:13.200

Okay that's good to hear.

197

00:28:14.490 --> 00:28:15.780

Kevin McGreal (He, Him, His): I have a question about.

198

00:28:17.040 --> 00:28:18.690

Kevin McGreal (He, Him, His): Funding for activities.

199

00:28:19.500 --> 00:28:34.350

Kevin McGreal (He, Him, His): yeah How does that work is that built intuition, I know CCTV it's you know we keep our tuition really low, so I think that was one of the issues with having you know funds for activities and events, but in the other colleges, is it is it built in or How does that work.

200

00:28:35.250 --> 00:28:37.560

Gabriel Wilkinson: We have a student activities fee yeah.

201

00:28:37.830 --> 00:28:40.470

Gabriel Wilkinson: So it's basically part of your tuition.

202

00:28:42.150 --> 00:28:45.690

Gillian MacDonald: that's the same amount London we do like a 4545 10 split.

203

00:28:45.720 --> 00:28:56.550

Gillian MacDonald: Between student government campus activities and then our 10% Committee, which is another student led committee to actively spend money across campus to improve our campus.

204

00:28:57.780 --> 00:28:58.230

Kevin McGreal (He, Him, His): That.

205

00:28:58.320 --> 00:28:58.920

Gillian MacDonald: way yeah.

206

00:28:59.070 --> 00:28:59.460

Kevin McGreal (He, Him, His): Oh, my.

207

00:29:00.210 --> 00:29:01.860

Gabriel Wilkinson: that's a cool idea I like that 10%.

208

00:29:02.340 --> 00:29:10.800

Gillian MacDonald: yeah our dean of students started it because our SG I wasn't spending as much money as we had hoped um I think it started like.

209

00:29:12.360 --> 00:29:19.050

Gillian MacDonald: I don't know a couple of like years ago and basically two students get elected to it, one member of the.

210

00:29:19.650 --> 00:29:28.680

Gillian MacDonald: Executive Board is on it, and then the dean of students who's Jonathan Davis overseas it and they can spend money without needing approval so like when we.

211

00:29:28.920 --> 00:29:42.900

Gillian MacDonald: want to spend money on our sta we need approval from our general board if it's over \$500 but, having the time present committee allows the students to make the decisions, with the dean of students to improve campus and a lot of times we like improve our.

212

00:29:44.520 --> 00:29:51.360

Gillian MacDonald: fitness Center and like we get like new structures and stuff around campus to improve student life.

213

00:29:52.890 --> 00:29:57.240

Kevin McGreal (He, Him, His): So Out of curiosity has a transformation team talked about.

214

00:29:57.570 --> 00:30:08.580

Kevin McGreal (He, Him, His): How the budgeting for that will work out it sounds like there's some differences college to college is there is there going to be discrepancy among the schools, how to distribute that or is it going to be more uniform.

215

00:30:09.840 --> 00:30:17.820

Wilson Garland: But and that's one of the reasons why we're asking about it right, so you know it's obviously been a topic and we're interested to hear sort of what's working and not working with.

216

00:30:17.970 --> 00:30:23.040

Wilson Garland: You know the way things are distributed, you know I love that 10% idea, you know, and so I think.

217

00:30:23.520 --> 00:30:36.960

Wilson Garland: We definitely want to have more uniformity and how we're managing it and yet you know I think there are some unique circumstances for for different campuses so we're trying to sort of weigh the pros and cons for those things but.

218

00:30:38.250 --> 00:30:54.090

Wilson Garland: This is, this has been helpful already just hearing sort of the discussion so far and I think we're we're definitely interested in in in trying to be responsive to how we both you know collected and distributed to be the most impactful.

219

00:30:54.420 --> 00:30:55.860

in a positive way for students.

220

00:30:57.420 --> 00:31:05.940

Maurice Ouimet: But i'd also like to add something that Kevin brought up earlier and incorporating CCD students into this, because I think you know at various times in the past.

221

00:31:06.120 --> 00:31:11.370

Maurice Ouimet: I know at Castle TIM has been efforts to integrate CCTV students and the student activities and there's been some.

222

00:31:11.790 --> 00:31:22.440

Maurice Ouimet: You know obstacles that get in the way, but I think we have this opportunity now to kind of rethink all of that and and i'm sure, maybe, etc, and then view is that opportunities to incorporate CCTV students into their activities as well, but.

223

00:31:22.980 --> 00:31:25.230

Maurice Ouimet: I think that's something that we really should commit to doing.

224

00:31:25.860 --> 00:31:26.640

Maurice Ouimet: This process.

225

00:31:27.390 --> 00:31:39.960

Kevin McGreal (He, Him, His): yeah that would be awesome and you know a lot of CCTV students end up transferring into you know VSE colleges, so you know you're building those relationships early I think that's just more of a good thing.

226

00:31:42.870 --> 00:31:47.580

Alexandra Huff (She/They): If possible, I know when envy you first merged.

227

00:31:48.780 --> 00:31:53.610

Alexandra Huff (She/They): again before coven and we're kind of revamping it again this year but.

228

00:31:54.540 --> 00:32:08.670

Alexandra Huff (She/They): The way we broke down student activities as both campuses had fees and they were collected and you know taken by the head financial person and then distributed back to the campuses because our student government activity structures are very different.

229

00:32:09.420 --> 00:32:20.580

Alexandra Huff (She/They): So they'd be distributed back down and those fees would be used for activities and clubs and such on the respective campus but as long as you as a student.

230

00:32:20.880 --> 00:32:30.180

Alexandra Huff (She/They): paid and envy you feed which, in this future we can call a vs you or a completely vs CS wide fee.

231

00:32:30.510 --> 00:32:44.610

Alexandra Huff (She/They): You can partake in events on other campuses because you paid a fee to contribute to somebodys activities so we've had bus trips back and forth between the two campuses I remember my first event at Johnson.

232

00:32:44.940 --> 00:32:57.360

Alexandra Huff (She/They): was a giant drag show which we don't really have at Linden and Johnson it's a huge tradition to have a drag show over there, so we like bust students over there, we bust students over for casino night.

233

00:32:58.170 --> 00:33:11.340

Alexandra Huff (She/They): we've invited them to some of our events so there's been a good kind of cross of as long as you pay a fee you're welcome to go to an event on either.

234

00:33:11.670 --> 00:33:20.580

Alexandra Huff (She/They): campus and i'd like to see that practice opened up across the system where you're contributing to somebody activities, so why not.

235

00:33:21.000 --> 00:33:35.670

Alexandra Huff (She/They): partake in others, and I also know envy you currently has, to my knowledge, the only merged club our model UN club exists on both campuses and it's not a Johnson chapter 11 and Chapter it's one group.

236

00:33:36.090 --> 00:33:45.060

Alexandra Huff (She/They): And we pay for students separately, so the Johnson campus through their student activities fee and their fundraising efforts and.

237

00:33:45.270 --> 00:33:55.230

Alexandra Huff (She/They): Their relations with their student government and grants pays for their students to go and our separate our funding our student activities fees.

238

00:33:55.530 --> 00:34:03.420

Alexandra Huff (She/They): Our budgeting and relation with our student Government allows our students to go, but we all register together so that way it's not.

239

00:34:03.870 --> 00:34:13.320

Alexandra Huff (She/They): Other people's money paying for humans, they don't necessarily know and relate to and it's also not one of those arguments of.

240

00:34:13.680 --> 00:34:27.930

Alexandra Huff (She/They): Well London's not even trying to fundraise money so they can go on this trip, so why are we going to use our hard earned money to allow them to go on this trip because they're not even trying so we keep our finances separate but we partake in things together.

241

00:34:28.380 --> 00:34:40.920

Alexandra Huff (She/They): So that's something that we've done for the past year that has seemed to work really well we're still kind of playing around with how the club is run issues but financially that has seemed to go well for us.

242

00:34:42.360 --> 00:34:43.710

Gabriel Wilkinson: I have a comment on that so.

243

00:34:44.010 --> 00:34:55.830

Gabriel Wilkinson: Like I said, dear etc, we just combined our two campuses we did the opposite, we combined our student activities fees and as well it's not apparent by what I described it was chaos.

244

00:34:57.090 --> 00:35:08.790

Gabriel Wilkinson: It's a it's been yeah it's been a mess, something that I've also been I've heard rumors of is a potential for combining the student government, like the student Councils which.

245

00:35:09.570 --> 00:35:27.270

Gabriel Wilkinson: I do not think would work like if we did it we'd have to make sure that every single campus had like their own president and stuff that would like work together, but I, I cannot see a student Council running like that is that big and so separate working together very well so.

246

00:35:28.620 --> 00:35:30.960

Wilson Garland: We are going to talk about student government here in just a minute.

247

00:35:32.610 --> 00:35:37.920

Wilson Garland: But I guess you know before that you know we have a number of other sort of student activities or student.

248

00:35:39.330 --> 00:35:44.880

Wilson Garland: Life related topics on here I you know we don't have to cover all of them, but I guess i'm wondering if.

249

00:35:45.360 --> 00:36:00.750

Wilson Garland: If anybody has any you know thoughts about what's working or not working related to you know either health and counseling services service learning and community service is another sort of activity related component, but also has some academic components to it.

250

00:36:01.980 --> 00:36:18.270

Wilson Garland: Student policies and regulations and handbooks and things like that I know I realize it's kind of a laundry list, but I am interested if there any that you all have a passionate about or thought about that is either working networking or new idea that we should consider.

251

00:36:24.720 --> 00:36:35.280

Jess Bickford (She/Her): um I would say counseling services here at Cason are amazing on so last year, they were completely virtual because of coven.

252

00:36:35.520 --> 00:36:37.230

Jess Bickford (She/Her): This year there's.

253

00:36:37.350 --> 00:36:52.920

Jess Bickford (She/Her): The option of virtual or in person and a lot of the counselors are very flexible, so if one morning you wake up and you're like being don't want to leave my room, you can just email them and say hey we do it on zoom and they're very fast about getting that zoom link to you.

254

00:36:54.630 --> 00:37:12.270

Jess Bickford (She/Her): But health and counseling services here are very accessible for everybody, right now, unfortunately it's hard, because there is a waiting list um but it just proves that there's a need for it and there's a want for it, therefore.

255

00:37:13.650 --> 00:37:18.300

Jess Bickford (She/Her): We can weekend it's it's good everybody everybody normally.

256

00:37:20.460 --> 00:37:27.510

Jess Bickford (She/Her): tries to get others involved in it, because I feel like a castle can we take mental health and things very seriously.

257

00:37:28.860 --> 00:37:34.350

Jess Bickford (She/Her): And just knowing that we're students but where people first, which is really amazing.

258

00:37:39.030 --> 00:37:39.840

Wilson Garland: that's really helpful.

259

00:37:43.680 --> 00:37:44.460

Wilson Garland: anybody else.

260

00:37:49.260 --> 00:37:50.460

Wilson Garland: Better a different topic.

261

00:37:51.360 --> 00:37:52.470

Tajae Edwards: um I also like.

262

00:37:53.910 --> 00:37:56.190

Tajae Edwards: thing that the health and counseling services.

263

00:37:56.190 --> 00:38:04.380

Tajae Edwards: Here it's very, very effective, you know as president of the N double a CP have been like working on collaborations with the wellness Center because.

264

00:38:04.830 --> 00:38:11.130

Tajae Edwards: we're planning on doing tours because different high schools and elementary schools, has been reaching out to the naacp.

265

00:38:11.670 --> 00:38:22.380

Tajae Edwards: wanted to start like support groups or di groups and stuff like that, where they want inspiration, or they want advice of our how to like get started, and how we're progressing and stuff like that so.

266

00:38:23.280 --> 00:38:28.830

Tajae Edwards: We, the wellness Center offered their support to like you know do a presentation about how.

267

00:38:30.360 --> 00:38:41.070

Tajae Edwards: The effect on support effects support groups have a mental health and stuff like that so um they're really great we're like offering to collab with people and then need their support when needed.

268

00:38:46.650 --> 00:38:47.010

Kevin McGreal (He, Him, His): I can.

269

00:38:47.520 --> 00:38:49.800

Kevin McGreal (He, Him, His): speak for CCTV our.

270

00:38:51.570 --> 00:39:00.150

Kevin McGreal (He, Him, His): I feel like we need more a clear communication about the resources that are available that was one of the issues that we've talked about in the past.

271

00:39:02.100 --> 00:39:11.790

Kevin McGreal (He, Him, His): I think we work with united way providing connections for mental resources and a bunch of other resources but it's just not very well promoted and.

272

00:39:13.170 --> 00:39:32.640

Kevin McGreal (He, Him, His): well understood in the student body, I think, at least I haven't gotten a ton of feedback on this issue yeah but we were, we would like to see clear communication about how that works and what students have available to them, and I also would like to see more.

273

00:39:33.810 --> 00:39:51.540

Kevin McGreal (He, Him, His): More resources going towards the advising counseling aspect for students, because I feel like our advisors at CCTV are very tax, we have like two I think for PR Center so, for you know, however, many thousands of students there's only like 24 advisors, which just seems like ridiculous.

274

00:39:52.950 --> 00:40:00.870

Kevin McGreal (He, Him, His): And that number might be wrong that was something I heard, but I I i'm pretty sure it's something like that the main they have a lot of a lot of work.

275

00:40:01.890 --> 00:40:09.840

Kevin McGreal (He, Him, His): So our advisors aren't really able to provide the the dedicated support and build relationships and less like a student is actively like.

276

00:40:10.230 --> 00:40:19.650

Kevin McGreal (He, Him, His): engaged in making those connections and you know, making sure that they build out that relationship, which is something we encourage but you know being Community college students, you know.

277

00:40:20.190 --> 00:40:31.530

Kevin McGreal (He, Him, His): Students are more passive about things they're just going through getting typical whatever, so I think I think that communication would be really important, the promotion of it and then also getting this support resources that we need.

278

00:40:38.010 --> 00:40:38.370

Kevin McGreal (He, Him, His): Thanks.

279

00:40:38.400 --> 00:40:39.120

Wilson Garland: that's helpful.

280

00:40:45.000 --> 00:40:46.260

Wilson Garland: Any other thoughts on.

281

00:40:47.700 --> 00:40:51.720

Wilson Garland: policies or public safety or any other.

282

00:40:53.400 --> 00:40:55.890

Wilson Garland: campus and student life questions.

283

00:40:58.380 --> 00:41:11.100

Sarina Pesinkowski: I actually I have a question um so I only know about out about the Johnson campus but i'm wondering do the other campuses have like health services, rather than just counseling.

284

00:41:14.130 --> 00:41:17.730

imuneek: So um we actually have.

285

00:41:19.710 --> 00:41:24.840

imuneek: Not just counseling on our campus I know there is some type of other.

286

00:41:26.490 --> 00:41:38.880

imuneek: therapy of some sort i've actually participated in myself this is how I know I just can't remember the actual term for it but um we do have other therapeutic services on our campus um.

287

00:41:40.230 --> 00:41:46.920

imuneek: i'm not like i'm not sure about the other campuses not sure if they have different services or not, but I definitely know that we do.

288

00:41:48.600 --> 00:41:51.300

Sarina Pesinkowski: yeah, and I mean, as somebody who's on the Johnson campus.

289

00:41:51.300 --> 00:41:52.980

Sarina Pesinkowski: I think that our wellness Center.

290

00:41:53.130 --> 00:42:00.840

Sarina Pesinkowski: In terms of you know, like mental health services is great, but i'm just curious like about health specifically like physical health because.

291

00:42:02.550 --> 00:42:10.920

Sarina Pesinkowski: As an incoming freshman I didn't realize that there wouldn't be some sort of nurse on campus and it's relatively fine because there's you know, a hospital nearby and the school does.

292

00:42:11.280 --> 00:42:17.070

Sarina Pesinkowski: partner with a local doctors office, but it was something that I didn't know until I was here.

293

00:42:17.850 --> 00:42:33.420

Sarina Pesinkowski: And I feel like i'm just curious if that's a Johnson specific thing or if other campuses also don't have any like specific health services, I know that there are health services on this campus if you're a division athlete but otherwise it doesn't exist.

294

00:42:34.380 --> 00:42:51.450

Gabriel Wilkinson: yeah we have etc we don't even have a nurse's office anymore, they are nurse retired a couple years back then we it's just remained empty or that's not the rent off campus if you're on any other campus just like look around and every single person is a nurse, so you find there.

295

00:42:52.590 --> 00:42:59.790

Gabriel Wilkinson: Again, no, we don't really have any of that here you're if you can't you can't fix it with a band aid or stuff you get it right you're kind of screwed.

296

00:43:01.470 --> 00:43:08.760

Jess Bickford (She/Her): And we at castletown we do have a nurse, that is in the building for specific hours every day.

297

00:43:09.510 --> 00:43:18.300

Jess Bickford (She/Her): Which is nice couple years ago I thought I have kind of situs didn't want to go right to the doctors, because I thought oh if it's not that then.

298

00:43:19.080 --> 00:43:36.300

Jess Bickford (She/Her): We won't go to the emergency room so Thankfully they were there and they could tell me that it wasn't um but it's Nice that yes, sometimes the hours aren't always flexible but there's also the castles and express clinic literally two minutes down the road.

299

00:43:37.350 --> 00:43:46.410

Jess Bickford (She/Her): which they normally will help you get appointments and if you need to, especially if you're out of state student if you're out of state student they'll help you.

300

00:43:47.880 --> 00:43:54.840

Jess Bickford (She/Her): But normally there's a nurse, and now that you can go in, they can check you out tell you if you actually have to go to the hospital or not, which is really great.

301

00:43:56.580 --> 00:44:12.870

Gillian MacDonald: Similar to Castle 10 and view London has something called brown house where that's where all of our counselors and staff are for mental health, too, but there is a nurse, and sometimes a doctor down there with specific hours, just like castles and they're not really flexible, but we are.

302

00:44:13.980 --> 00:44:21.000

Gillian MacDonald: Like very close with the people of an era churches in St johnsbury only like 10 minutes away something were to happen, and we also.

303

00:44:21.660 --> 00:44:33.780

Gillian MacDonald: have a duty phone that you can call where they can provide transportation, if needed, and stuff like that to the hospital, which I think is really cool like we always have the option for our students were like if you need to go somewhere like.

304

00:44:34.770 --> 00:44:41.400

Gillian MacDonald: You can get there, especially if it's health related and like it in her case like if she thought she had appendicitis that would bring her there.

305

00:44:47.220 --> 00:44:48.510

Sarina Pesinkowski: Thanks, so thank you guys.

306

00:44:50.070 --> 00:44:50.580

Wilson Garland: alright.

307

00:44:51.990 --> 00:44:57.390

Wilson Garland: So the next topic is student government, and I know we've covered some of this already but.

308

00:44:58.680 --> 00:45:09.360

Wilson Garland: It sounds like there's support, both in the chat as well as some of the things you were talking about Gabriel of you know, having some combination of campus space.

309

00:45:10.140 --> 00:45:18.510

Wilson Garland: Government and and then some coordination, but that it's important to have some student government focused on at a campus level is that.

310

00:45:18.750 --> 00:45:19.080

Wilson Garland: yeah.

311

00:45:19.140 --> 00:45:20.160

Wilson Garland: I hear that correctly.

312

00:45:20.580 --> 00:45:26.100

Gabriel Wilkinson: The push seems to be a lot more like keeping the government's separated, we should certainly connect with each other, like.

313

00:45:26.460 --> 00:45:35.310

Gabriel Wilkinson: Add to just share ideas and that would be an awesome awesome awesome thing if we could like share ideas of spit just spit balling back and forth to each other what works what's been.

314

00:45:35.970 --> 00:45:47.250

Gabriel Wilkinson: Bad what's like just learning from each other's mistakes, but like each campus I think probably should end up kind of governing themselves it's probably too late to separate the dtc campuses at this point.

315

00:45:48.300 --> 00:45:55.980

Gabriel Wilkinson: Just, especially because we've the one of the reasons actually we combined as campuses is because the Willesden campus they used to have their own government.

316

00:45:56.280 --> 00:46:15.240

Gabriel Wilkinson: But it was historically like you had no members we've had there were years where they literally had nobody want to run for any position it almost happened this year on the randolph campus I ended up finding out about running for President an hour before the deadline so yeah.

317

00:46:16.050 --> 00:46:18.390

Gabriel Wilkinson: It communication was rough over covert.

318

00:46:18.600 --> 00:46:19.530

Gabriel Wilkinson: very rough.

319

00:46:21.150 --> 00:46:24.420

Gabriel Wilkinson: yeah we're working on remedy remedy that this year so.

320

00:46:25.770 --> 00:46:26.850

Gabriel Wilkinson: fingers crossed.

321

00:46:28.140 --> 00:46:42.780

Gillian MacDonald: So as as a President Lyndon I would definitely lean way more towards keeping our SG a separate so in our vcs and meetings we often like talk about our separate campuses and like etc has a student Council we have.

322

00:46:43.830 --> 00:46:54.090

Gillian MacDonald: Like government, and we have a general borden and executive board and, like our sister school Johnson, like our issues are completely different just between our two schools and we've kept them separate.

323

00:46:54.390 --> 00:47:06.660

Gillian MacDonald: And I think that we've built a great connection with each others like on my Executive Board always like we meet with jonathan's President and Vice President and it's always open to their senate members um.

324

00:47:07.350 --> 00:47:16.980

Gillian MacDonald: And I just think that like keeping us as separate like Alex had said in the chat like we often are talking about things that specifically have to do with something happening on our physical campus.

325

00:47:17.340 --> 00:47:23.640

Gillian MacDonald: And that's really not a discussion that will be easily accessible if it's throughout the entire Vermont state system.

326

00:47:26.610 --> 00:47:27.000

Kevin McGreal (He, Him, His): I think.

327

00:47:28.980 --> 00:47:39.570

Kevin McGreal (He, Him, His): Taking advantage of the vs CSA and building that out to kind of covered issues that would be end up being school wide like if you know what like if we're looking at.

328

00:47:40.140 --> 00:47:44.190

Kevin McGreal (He, Him, His): overarching budgeting for things you know managing if we do.

329

00:47:44.700 --> 00:47:52.230

Kevin McGreal (He, Him, His): You know, combined teams are like I don't know we're going into sports and stuff a little bit, but I think like for specific issues that do involve.

330

00:47:52.500 --> 00:48:02.310

Kevin McGreal (He, Him, His): All of the campuses and decisions being made on that would affect all those campuses or program that are cross campus I think building out, you know, an organization like the CSA.

331

00:48:03.240 --> 00:48:05.250

Kevin McGreal (He, Him, His): would be a useful way of doing that.

332

00:48:05.670 --> 00:48:13.860

Kevin McGreal (He, Him, His): And then you know, like so we're actually voting I don't really know how the structure of the student government's working you know CCTV we don't even have voting or anything like that it's literally just like.

333

00:48:14.160 --> 00:48:19.860

Kevin McGreal (He, Him, His): An advisory council and we, the come up with their own projects, and you know interact with the administration departments, as we need.

334

00:48:21.120 --> 00:48:27.990

Kevin McGreal (He, Him, His): But I think having some kind of mechanisms that might be similar to an sj but just for issues that would pertain to the whole system.

335

00:48:31.290 --> 00:48:35.970

Gabriel Wilkinson: Alex asked a great question chat which just asking all of us to like describe our student government's work.

336

00:48:37.110 --> 00:48:44.130

Gabriel Wilkinson: I can probably start that so ours work so mine i'm the President, we have a Vice President, Secretary and a treasure.

337

00:48:45.360 --> 00:48:52.140

Gabriel Wilkinson: We are that those are the members of the Executive Board, we meet once a week separately from the student Council along with our to.

338

00:48:52.860 --> 00:49:03.300

Gabriel Wilkinson: faculty advisors, the dean of students Jason enzler and the head of student activities, Patrick Connolly we meet once a week to discuss what we're going to talk about in the meeting.

339

00:49:03.720 --> 00:49:09.990

Gabriel Wilkinson: And what needs what's going on a campus and what generally needs to get done then we go into our meeting the next day.

340

00:49:11.430 --> 00:49:26.550

Gabriel Wilkinson: That takes like an hour and a half hour sometimes hour hour and a half, if it that's really long usually then only going for around 45 minutes, but the people that show up, there are the club heads or just you it's one person representing each club typically um.

341

00:49:27.600 --> 00:49:41.550

Gabriel Wilkinson: yeah we are whole rules and stuff are based on a constitution there's a separate handbook that's, I believe, written by student activities it's a little weird complicated it's kind of half written by us half written by them.

342

00:49:43.020 --> 00:49:58.260

Gabriel Wilkinson: At we disagree, the Constitution and the handbook decide how clubs can spend their money what clubs can do what a club is yeah the student Council itself has their own we do have our own budget, I.

343

00:49:59.970 --> 00:50:12.930

Gabriel Wilkinson: I don't believe we have to ask board or any of the members of the Council, or the just the general board to spend our money, and yet you know you mentioned that i'm going to look into that a little further.

344

00:50:14.610 --> 00:50:18.480

Gabriel Wilkinson: I don't remember seeing any of that when I was reading our constitution and stuff but yeah.

345

00:50:19.050 --> 00:50:25.050

Gabriel Wilkinson: that's generally how its structured unfortunately we don't have any Members from any other campuses it's all randolph this year.

346

00:50:25.530 --> 00:50:37.290

Gabriel Wilkinson: We had a we did have like one or two people apply from Willesden but both of them were freshmen and are not we don't let don't let freshmen join because they don't know what they're getting into.

347

00:50:39.270 --> 00:50:39.660

Gabriel Wilkinson: yeah.

348

00:50:42.150 --> 00:50:45.420

Gillian MacDonald: Oh, when Wilson, where you going to ask him a question i'm sorry.

349

00:50:46.410 --> 00:50:53.130

Gillian MacDonald: Okay, so at Linden on you need one semester of previous experience to join our student government.

350

00:50:53.490 --> 00:51:07.170

Gillian MacDonald: And then, our executive board is filled with a president administrative Vice President executive Vice President in a financial controller um and we meet bi weekly every other Wednesday, because our regular.

351

00:51:08.490 --> 00:51:13.230

Gillian MacDonald: hga meets the opposing Wednesday, so our general board is then filled with.

352

00:51:14.460 --> 00:51:22.170

Gillian MacDonald: A club representative from each club and every club has to be present at every meeting, and we also have something called an executive cabinet.

353

00:51:22.470 --> 00:51:34.950

Gillian MacDonald: Which is filled with a peer leader REP which is like our freshman mentor sore leaders like the other campuses have an ra rap, it is also our cab REP is considered our executive cabinet, as well as our.

354

00:51:35.730 --> 00:51:43.080

Gillian MacDonald: Student athlete rap and then we also have class representatives, a non traditional representative and then an.

355

00:51:44.130 --> 00:51:45.720

Gillian MacDonald: International representative.

356

00:51:47.670 --> 00:51:50.250

Gillian MacDonald: Alex unmute yourself, because I don't know what you're about thing to me.

357

00:51:50.880 --> 00:51:56.730

Gillian MacDonald: A meter Oh, I am a computer I should know that and we have Community representatives as well, so.

358

00:51:57.210 --> 00:52:04.200

Gillian MacDonald: i'm all of those that all of the elected roxanne and stuff you have to be voted in, and like get enough signatures.

359

00:52:04.950 --> 00:52:21.720

Gillian MacDonald: And then further money spending wise the Executive Board can approve any purchase under or up to \$500 and once it exceeds \$500 it goes to our general board once the purchase exceeds \$10,000 it would have to be voted on by 10% of our student body.

360

00:52:23.400 --> 00:52:27.750

Gillian MacDonald: And that's basically the way our ncaa is run.

361

00:52:28.410 --> 00:52:30.300

Gabriel Wilkinson: That for our those purchases, for your.

362

00:52:30.900 --> 00:52:34.980

Gabriel Wilkinson: For this your student government purchasing stuff or for just clubs in general.

363

00:52:35.580 --> 00:52:40.650

Gillian MacDonald: So clubs in general, go through, thank you for asking that clubs in general, go through a budgeting process.

364

00:52:40.980 --> 00:52:49.890

Gillian MacDonald: That they will hand in a budget roughly around March, and then the Executive Board, along with elected REPS will sit down and go through all of it and we.

365

00:52:50.400 --> 00:52:56.340

Gillian MacDonald: Look at a proposed budget and student activities for you that we will have for the following year and we budget out the money for the club's.

366

00:52:57.060 --> 00:53:04.230

Gillian MacDonald: arm and then we present it and then the general board then votes on it to approve the budget or not approve the budget, and then we would read.

367

00:53:04.680 --> 00:53:15.450

Gillian MacDonald: allocate all the money and like redo the budgeting process, but basically like a club is a given a certain amount of money in a club at any point throughout the year can ask for more money, something cool about Linda initiate.

368

00:53:15.810 --> 00:53:27.120

Gillian MacDonald: Any student can come to sj and ask us for money as well, so like you do all you need to do is send in a presentation to the SDA email and be like hey I want to present on this topic at your next meeting.

369

00:53:27.660 --> 00:53:34.320

Gillian MacDonald: i'm 72 hours in advance, and then you are able to be on the agenda, and you get to present.

370

00:53:35.010 --> 00:53:46.590

Gillian MacDonald: And you can get money that way but club spending money is very different than our entire sta spending money, so the 500 and like 10,000 that is for.

371

00:53:47.430 --> 00:53:59.430

Gillian MacDonald: The SCA spending money and then, if a club request more money that's over \$500 they present it to the SGI and then they would get approved or not approved if they need to exceed their budget.

372

00:54:02.100 --> 00:54:16.950

Gabriel Wilkinson: yeah we don't have any extra budget to give them, unfortunately, and we have a we have a budget meeting at the beginning of the year we typically we look through our group we def same thing we have clubs submit their budgets this year it was chaos, they were like two weeks late.

373

00:54:18.300 --> 00:54:18.810

Gabriel Wilkinson: Because.

374

00:54:18.840 --> 00:54:20.520

Gillian MacDonald: We had like it.

375

00:54:20.850 --> 00:54:26.070

Gabriel Wilkinson: The deadline we were we made it by the deadline, the actual specific deadline, but.

376

00:54:27.150 --> 00:54:30.960

Gabriel Wilkinson: We had like when the when we normally have the budget meeting we had like.

377

00:54:32.220 --> 00:54:42.150

Gabriel Wilkinson: 10 clubs registered because communication and just kind of been like everything had been that terrible and not working.

378

00:54:42.870 --> 00:54:53.340

Gabriel Wilkinson: But yeah so our budget meeting, we have a we look at the we typically look at the budgets and remove all the items that are prohibited according to like our handbook and constitution, and then the budget meeting is.

379

00:54:54.390 --> 00:55:03.600

Gabriel Wilkinson: Basically, all the clubs send two wraps and we just debate over the budget for a couple of hours those meetings last anywhere from.

380

00:55:04.440 --> 00:55:19.110

Gabriel Wilkinson: Three two to three hours to i've seen them go from i've i've not been at this one, thank goodness, but I heard freshman year, the budget meeting went from six till 2am yeah That was a.

381

00:55:21.390 --> 00:55:29.460

Gabriel Wilkinson: It becomes a team exercise after about an hour and a half, where everyone's just like give up money, so we can leave it's pretty good.

382

00:55:32.250 --> 00:55:32.580

Wilson Garland: All right.

383

00:55:33.660 --> 00:55:36.060

Wilson Garland: anybody else have something to add, I want to move on.

384

00:55:37.470 --> 00:55:42.510

Wilson Garland: here soon just because we have other things to cover, but any any last thoughts on student government.

385

00:55:43.230 --> 00:55:51.300

Cooney, Ryan J.: yeah Wilson i'll jump in here real quick considering i'm the guy who currently has to manage the system as it is now so as I mentioned.

386

00:55:52.650 --> 00:56:01.080

Cooney, Ryan J.: i'm the student trustee for the board of trustees for the state college system and it's my job to coordinate more or less the efforts amongst the various student government associations.

387

00:56:01.470 --> 00:56:11.610

Cooney, Ryan J.: And that's why I would offer in highly encouraged that this for monster university maintain a student government presence on each of its campuses or, at least in the array that it currently is.

388

00:56:12.000 --> 00:56:17.730

Cooney, Ryan J.: Because that allows the person in my position to communicate clearly with each campus and understand what's going on at each of them.

389

00:56:18.330 --> 00:56:23.970

Cooney, Ryan J.: To increase the size of them I would not recommend I went to a school that had 30,000 people on it.

390

00:56:24.510 --> 00:56:35.310

Cooney, Ryan J.: We have a 40 Member board, and let me tell you, you couldn't get that thing full at any point in time, so the idea that, to increase the size to me just isn't going to happen um.

391

00:56:35.940 --> 00:56:40.170

Cooney, Ryan J.: provide a little background on what exactly this team is supposed to do.

392

00:56:40.800 --> 00:56:49.980

Cooney, Ryan J.: It is essentially communicative only it's my job to bring stuff from the board, and for my meetings I communicate that out to the SG as they take it from there to the students.

393

00:56:50.280 --> 00:56:58.260

Cooney, Ryan J.: Vice versa information flows to me, I take to the board it's not really a governing body in that sense, at least in its current iteration there's two things we vote on.

394

00:56:58.650 --> 00:57:05.490

Cooney, Ryan J.: One is scholarships that go out in late April early May the other one is who gets to sit in my seat for a year, so.

395

00:57:06.060 --> 00:57:16.770

Cooney, Ryan J.: that's at least how the current system works i'm having been in it for about a year and a half now, I can say, and I have people have been there since I joined I think it's running well.

396

00:57:17.310 --> 00:57:23.760

Cooney, Ryan J.: It just really depends on who you've got in this seat and who is also working with you at the different campuses.

397

00:57:24.180 --> 00:57:31.380

Cooney, Ryan J.: But to me at least the way the student governments are raid right now, and the way they work across the campuses with communication.

398

00:57:32.130 --> 00:57:39.660

Cooney, Ryan J.: it's working arguably most of its been focused on the transformation, but that is also the most pressing issue so it's natural that that's we're going to talk about the majority.

399

00:57:39.930 --> 00:57:54.150

Cooney, Ryan J.: But we did have a meeting last night, and I will say it was great discussion around transformation, but other issues as well that we're already seeing good project leads on, so I would argue the system's working keep working with the V Su.

400

00:57:57.360 --> 00:57:59.190

Wilson Garland: Thanks Ryan that's that's very helpful.

401

00:58:00.510 --> 00:58:01.050

Wilson Garland: alright.

402

00:58:01.650 --> 00:58:10.110

Wilson Garland: So the next topic is residence life and, in particular, obviously, for for folks that have been resident, and one of the campuses.

403

00:58:11.250 --> 00:58:20.160

Wilson Garland: But just trying to understand what role residence life has played in the student experience what's working what's not working for those of you don't live on campus.

404

00:58:21.390 --> 00:58:25.950

Wilson Garland: You know Are there things that we could do to do differently to make that an option or.

405

00:58:27.450 --> 00:58:31.770

Wilson Garland: Just kind of curious on general thoughts on on residence life.

406

00:58:34.440 --> 00:58:41.280

Jess Bickford (She/Her): i'm i'm a current senior Community advisor at castletown university, so I actually work for residence life.

407

00:58:42.630 --> 00:58:44.610

Jess Bickford (She/Her): So it has played a big role.

408

00:58:45.630 --> 00:58:48.930

Jess Bickford (She/Her): At least for the last two years of my three years so far here.

409

00:58:50.700 --> 00:58:51.450

Jess Bickford (She/Her): Because.

410

00:58:55.170 --> 00:59:07.050

Jess Bickford (She/Her): First of all, my freshman year was cut short of coven But even with that residence life was always involved I knew my area coordinators, the people who run the residence life program here and.

411

00:59:08.250 --> 00:59:10.860

Jess Bickford (She/Her): I knew them even before I applied to view CA.

412

00:59:12.450 --> 00:59:23.550

Jess Bickford (She/Her): So that was really nice but also being a CA now I run a monthly program and get to know residents across campus and.

413

00:59:24.300 --> 00:59:36.390

Jess Bickford (She/Her): Different Bolton boards to raise awareness, for different things to help individuals and then even duty nights where I get to meet a whole bunch of very crazy individuals, sometimes but it's all worth it.

414

00:59:37.590 --> 00:59:49.020

Jess Bickford (She/Her): And then, for our residential options and services that we have we have multiple so we have themes housing, which is wellness housing some substance free housing.

415

00:59:50.370 --> 00:59:54.810

Jess Bickford (She/Her): And then we have an honors house and we had another.

416

00:59:55.230 --> 00:59:56.160

Jess Bickford (She/Her): house, but it.

417

00:59:56.520 --> 01:00:09.540

Jess Bickford (She/Her): combined into honors housing Switzerland, the honor students and then we also have the sweet style options and the quarter style options which is really nice and we have Rutland apartments as well.

418

01:00:10.350 --> 01:00:17.340

Jess Bickford (She/Her): But as far as I know, we're getting rid of those and those were for graduate students to live in, if they so choose um.

419

01:00:18.510 --> 01:00:25.260

Jess Bickford (She/Her): But I think one of the biggest things with our residential life that could be addressed is.

420

01:00:26.550 --> 01:00:30.000

Jess Bickford (She/Her): Sometimes the infrastructure of specific buildings.

421

01:00:31.140 --> 01:00:36.060

Jess Bickford (She/Her): and making sure that there is heat all the time.

422

01:00:37.350 --> 01:00:41.310

Jess Bickford (She/Her): Making sure that i'm just things are.

423

01:00:43.320 --> 01:00:54.330

Jess Bickford (She/Her): operating correctly for our residents and everything like that so also to make the Community advisors for the resident on our as we call it CA.

424

01:00:55.620 --> 01:01:12.570

Jess Bickford (She/Her): ra raise lives easier, so we don't have to be calling public safety for things all the time, so that's one thing that I think could really improve within the residence life it's just the infrastructure, making sure that it's up to par and Sturdy for the whole entire year.

425

01:01:14.430 --> 01:01:14.850

Jess Bickford (She/Her): yeah.

426

01:01:15.030 --> 01:01:18.180

Cooney, Ryan J.: If I could echo that I know randolph definitely could.

427

01:01:18.180 --> 01:01:18.720

Cooney, Ryan J.: Use some.

428

01:01:18.750 --> 01:01:23.040

Cooney, Ryan J.: ti a lot of the buildings Willesden could too.

429

01:01:23.070 --> 01:01:32.010

Cooney, Ryan J.: Because boy, it is fun when it's 90 degrees outside in the air conditioner keeps decided it's time to turn off and never come back so listeners conditioners.

430

01:01:33.060 --> 01:01:37.650

Cooney, Ryan J.: Well, you know there's one outside the building that i'm told works, but I see a van every three days so.

431

01:01:37.890 --> 01:01:41.850

Jess Bickford (She/Her): I don't also doesn't have air conditioning in our buildings.

432

01:01:42.150 --> 01:01:43.440

Jess Bickford (She/Her): We haven't into buildings.

433

01:01:43.470 --> 01:01:50.070

Jess Bickford (She/Her): But we are not allowed to have them once students move on to campus so air conditioning would be very much appreciated and.

434

01:01:50.310 --> 01:01:50.700

Gillian MacDonald: it's.

435

01:01:51.330 --> 01:01:58.530

Cooney, Ryan J.: Not real so so clearly yeah facilities is a big thing we need to be looking at in terms of dorm rooms, but also classroom spaces.

436

01:01:59.640 --> 01:02:03.990

Cooney, Ryan J.: Along with being a trustee I am an ra it's my second year doing this up here in williston.

437

01:02:04.350 --> 01:02:11.610

Cooney, Ryan J.: um it's a small group, but we still have people up here one of the big things I would say, looking at residence life is kind of a standardization of training.

438

01:02:12.540 --> 01:02:19.020

Cooney, Ryan J.: And really making sure that people know what they're doing they feel safe doing their jobs they know who they can contact because.

439

01:02:19.380 --> 01:02:28.380

Cooney, Ryan J.: I know there are times, where if you're the ra especially up here at least you might be the only one on campus with the phone so it's on you, at that point to.

440

01:02:28.800 --> 01:02:37.140

Cooney, Ryan J.: And whatever's going to happen um and that's different because we are a small campus so that's kind of what happens up here but also just like.

441

01:02:37.530 --> 01:02:43.410

Cooney, Ryan J.: Going back to the training, making sure all the ducks are in a row, and that we know what's going to happen in the training because, for example.

442

01:02:43.830 --> 01:02:59.970

Cooney, Ryan J.: Apparently we were all supposed to get fingerprinted back in August and I just got fingerprinted today so uh you know we're really, really going on, that a security aspect where we're up front on that which is great so stuff like that I think would be a nice change moving forward.

443

01:03:01.410 --> 01:03:08.580

Jess Bickford (She/Her): i'm going off that Ryan i'm question, do you guys actually like do you guys, have a duty phone that iras carry.

444

01:03:09.180 --> 01:03:18.420

Cooney, Ryan J.: We do have a duty phone I don't have it with me, but it is a classic flip phone um it basically looks like a burner cell phone.

445

01:03:19.200 --> 01:03:29.850

Jess Bickford (She/Her): that's really interesting because that castletown first of all our training is amazing i'm talking, if you think otherwise please tell me.

446

01:03:30.300 --> 01:03:30.840

Tajae Edwards: It is.

447

01:03:31.260 --> 01:03:42.690

Jess Bickford (She/Her): OK, because I could talk to the ACS so we have training for two weeks prior to the time that students come on campus we go to a camp.

448

01:03:44.070 --> 01:03:57.090

Jess Bickford (She/Her): I don't know where in Vermont, it is because i'm not from Vermont um but we go camping for a weekend which is really fun and we really get to like bond with one another and everything and we're given.

449

01:03:57.660 --> 01:04:12.000

Jess Bickford (She/Her): All of the information we need for training prior to it, we used to have to get fingerprinted and we don't get fingerprinted or we didn't this year as far as I know, i'm because of covert restrictions and so many of us went from out of state.

450

01:04:13.200 --> 01:04:22.140

Jess Bickford (She/Her): But the different thing is, is that we don't have a duty phones that go on to one student so in each of our buildings.

451

01:04:22.650 --> 01:04:34.560

Jess Bickford (She/Her): I love this in each of our buildings there's a CA ra on duty every single night until midnight on weekdays and then Friday and Saturday nights nights it's 2am.

452

01:04:35.310 --> 01:04:48.330

Jess Bickford (She/Her): And we stay on duty, and if we have any issues, because we are students ourselves, we call our area coordinators who are the big bosses who live on campus and apartments in our resident buildings.

453

01:04:49.470 --> 01:04:53.580

Jess Bickford (She/Her): And the ACR call actually comes and handles the situation with us.

454

01:04:53.910 --> 01:05:05.070

Jess Bickford (She/Her): So we have another set of eyes and if we need it, public safety columns and so that's really nice, because we have a lot of people on our corner and not everything's put on our shoulders like with a duty phone and things like that.

455

01:05:05.430 --> 01:05:09.390

Jess Bickford (She/Her): So that was really interesting that you mentioned, you guys have the duty from yourselves.

456

01:05:10.230 --> 01:05:17.280

Cooney, Ryan J.: yeah well we we are a small campus I mean it's the resolution Wilson is three people it's two arrays and an RD so.

457

01:05:18.030 --> 01:05:22.260

Jess Bickford (She/Her): We get that makes more sense yeah we get we get the phone we get the shared responsibility.

458

01:05:23.280 --> 01:05:26.280

Cooney, Ryan J.: And again, I mean there is campus safety up here, there is a public.

459

01:05:26.280 --> 01:05:27.030

Cooney, Ryan J.: Safety thing.

460

01:05:27.300 --> 01:05:41.040

Cooney, Ryan J.: But they are not always on campus it's more like they're here for a couple hours in the evening, but then you know after that point, the only people here are you so that it's so Willesden is different in that sense, compared to the rest of the campuses.

461

01:05:44.250 --> 01:05:47.160

Cooney, Ryan J.: And we also only have one week of training we don't we don't do two weeks to train.

462

01:05:49.590 --> 01:05:54.960

Gillian MacDonald: outlander in the Arias also go through two weeks of training before the school starts the school year starts.

463

01:05:55.380 --> 01:06:01.980

Gillian MacDonald: um and like Alex put in the chat we have a duty phone that's only passed around through pro staff and our pro staff is.

464

01:06:02.550 --> 01:06:11.580

Gillian MacDonald: filled with hesitant with head resident resident hall directors and then it can also be filled with like the director of student life assistant directors to your life and dean of students.

465

01:06:11.970 --> 01:06:21.180

Gillian MacDonald: And they are the only ones that ever see our duty phone because most things that are contacted through our duty phone are confidential and although sometimes our days are included in the situations.

466

01:06:21.420 --> 01:06:33.270

Gillian MacDonald: A lot of times they do not include the iras into situations, unless they need students support and our duty fun like that's accessible 24 seven and then our iras are on duty.

467

01:06:34.800 --> 01:06:38.460

Gillian MacDonald: every night until 10 or 11 and all the weekends i'm pretty sure it's until one.

468

01:06:40.260 --> 01:06:46.140

Gillian MacDonald: And we haven't already on duty and each specific residence hall as well, or like each cohort of residence halls.

469

01:06:48.300 --> 01:06:59.880

Alexandra Huff (She/They): um something as a commuter on the London campus that is made available to us is even when the campus is not experiencing experiencing coven.

470

01:07:00.150 --> 01:07:08.580

Alexandra Huff (She/They): And there are a million, as you know, every single room on campus is full the triples are for the doubles or for the singles or below okay like.

471

01:07:08.820 --> 01:07:21.660

Alexandra Huff (She/They): You know overwhelming student population scenario we always have a floor of rooms available for commuter housing, because we live in Vermont right winters suck.

472

01:07:22.230 --> 01:07:34.710

Alexandra Huff (She/They): let's be real if you're in New England winters suck so we have commuter housing, so if a commuter is caught on campus in a giant snowstorm they don't feel comfortable driving at night.

473

01:07:35.580 --> 01:07:47.250

Alexandra Huff (She/They): there's you know, a heavy rain shower and they're just you know not comfortable for the day or something's going on at home and they just need a place to escape to we have.

474

01:07:47.550 --> 01:07:54.960

Alexandra Huff (She/They): Empty rooms that are always available for commuters and they still have to pay for that housing, just as residential students do.

475

01:07:55.170 --> 01:08:08.370

Alexandra Huff (She/They): But we make sure that housing is always available for those emergency type situations and also the same can be said for residential students who need to be separated, we always have extra rooms available we try to avoid.

476

01:08:08.700 --> 01:08:19.890

Alexandra Huff (She/They): overcrowding, as much as possible, because that's a resource that you absolutely need in Vermont and and because coven yea it doesn't seem to really be a problem as.

477

01:08:20.490 --> 01:08:36.330

Alexandra Huff (She/They): Much for the last couple years um but something I would like to see taken across all the campuses actually um, and this is both I guess residential life, but also different areas of student life is.

478

01:08:36.810 --> 01:08:41.940

Alexandra Huff (She/They): A unification of terms um so I know like you know, on.

479

01:08:42.810 --> 01:08:49.230

Alexandra Huff (She/They): Everybody has similar roles, but different names and it makes it hard for.

480

01:08:49.530 --> 01:08:58.110

Alexandra Huff (She/They): us to communicate with each other so like i'm learning a lot here tonight learning about how the different programs are structured on the different campuses and the different names for different jobs.

481

01:08:58.440 --> 01:09:06.900

Alexandra Huff (She/They): But, for example, my role as a peer LEADER I think almost everybody else on every other campus in a similar role is called an orientation leader.

482

01:09:07.290 --> 01:09:13.500

Alexandra Huff (She/They): And it's just something I think terms like that in terms are in residential life around like iras and.

483

01:09:14.340 --> 01:09:24.330

Alexandra Huff (She/They): The the higher up position, so we have our raise senior iras had residents, which are part time pro staff residence hall directors, which are full time pro staff.

484

01:09:24.660 --> 01:09:31.320

Alexandra Huff (She/They): And then other humans there's just like a lot of people across the campuses who seem to do similar work.

485

01:09:31.680 --> 01:09:38.730

Alexandra Huff (She/They): But have different names and I think it'd be cool to see those names kind of unified across the campuses so that.

486

01:09:39.090 --> 01:09:46.020

Alexandra Huff (She/They): it's just a universal language you know when you go to the student governments and you're talking about a certain issue or something going on.

487

01:09:46.320 --> 01:09:55.650

Alexandra Huff (She/They): And it goes to like you know the big the big high vs tsa right you're not like Okay, I have no idea what that is right we're using a lot of different language here.

488

01:09:55.920 --> 01:10:08.580

Alexandra Huff (She/They): So I think it'd be cool to keep the individual structures in certain areas like we were talking about student governments, but just kind of unifying language so that we all know what we're talking about when we talk about it.

489

01:10:09.810 --> 01:10:23.640

Alexandra Huff (She/They): Because i've been buffering half of this conversation trying to write down different terms, and I think all the areas we've discussed so far and to answer your question Ryan, I want to say it's a belt, like the price of a hotel room.

490

01:10:24.480 --> 01:10:34.530

Alexandra Huff (She/They): But I don't remember off the top of my head, but I can ask in my work, study job in that office tomorrow and send like a mass email out.

491

01:10:35.190 --> 01:10:38.160

Gillian MacDonald: i'm looking at my email right now to try and find the press.

492

01:10:38.640 --> 01:10:42.150

Alexandra Huff (She/They): I want to say it's like 60 or 79.

493

01:10:42.210 --> 01:10:53.820

Alexandra Huff (She/They): Maybe but and that's that's build to your student account so it's not like you have to like write a check pay out of pocket like the night of or something you gets billed to your normal student account you take care of it was student services.

494

01:10:57.120 --> 01:11:05.940

Wilson Garland: that's really an interesting concept and I guess it brings to mind a question I have, I know that there and I think it may be some nursing students are others who are.

495

01:11:06.330 --> 01:11:11.640

Wilson Garland: You know, living on a different campus than their home campus for clinical trials or things like that is that.

496

01:11:12.270 --> 01:11:26.880

Wilson Garland: Is that something if you were to get an internship somewhere else in in Vermont that you would be interested in being able to sort of port your your residential situation or would you rather just handle that on your own.

497

01:11:27.900 --> 01:11:34.230

Cooney, Ryan J.: um I can say from experience, etc, already does that because, like we keep the Wilson my champion, especially in the summer.

498

01:11:34.680 --> 01:11:41.190

Cooney, Ryan J.: We have a lot of students come up from randolph we're doing like construction management internships with like the island and who.

499

01:11:41.640 --> 01:11:53.040

Cooney, Ryan J.: You know all the guys up here, and especially the pilots as well we usually are able to pack at least a floor every summer, barring coven so absolutely I think that is something you would see at the other campuses to.

500

01:11:53.340 --> 01:11:56.250

Wilson Garland: Do you think that's valued, I mean you think it works well, or is that.

501

01:11:57.480 --> 01:11:57.870

Alexandra Huff (She/They): To see.

502

01:11:58.080 --> 01:12:01.320

Cooney, Ryan J.: If I can be here for financial aid versus having to find an.

503

01:12:01.320 --> 01:12:02.490

Cooney, Ryan J.: apartment because burlington.

504

01:12:02.490 --> 01:12:06.570

Cooney, Ryan J.: Price will forget about it yeah absolutely, it is very useful.

505

01:12:07.260 --> 01:12:20.220

Alexandra Huff (She/They): yeah I know i've been kind of contemplating an internship over at wp peasy when they reopen but there's no way i'm getting any sort of living condition out there at all.

506

01:12:20.670 --> 01:12:28.980

Alexandra Huff (She/They): So I think it'd be really cool, I think it would encourage our students to get a lot more involved in Vermont as a whole.

507

01:12:29.580 --> 01:12:39.390

Alexandra Huff (She/They): If they can you know take their internships in state they don't necessarily have to go home to do them because that's where they have a residence.

508

01:12:40.110 --> 01:12:51.870

Alexandra Huff (She/They): So they can like travel across the state and really engage with different businesses, which I think is something this unified model is really trying to accomplish so that that'd be incredible i'd take advantage of that rp.

509

01:12:53.820 --> 01:12:53.970

Alexandra Huff (She/They): yeah.

510

01:12:54.060 --> 01:13:03.270

Gabriel Wilkinson: same here that'd be super cool I would I would love to be able to like go anywhere in the state and be able to have like I can't this to stay on for work like.

511

01:13:07.260 --> 01:13:08.580

Wilson Garland: Any other last thoughts on.

512

01:13:08.640 --> 01:13:10.680

Wilson Garland: Residence life, we have one more topic.

513

01:13:12.870 --> 01:13:19.590

Wilson Garland: All right, athletic teams and fitness facilities and I realized, we probably talk a whole evening about athletics and.

514

01:13:20.070 --> 01:13:26.490

Wilson Garland: And these sorts of things, but I guess i'm just kind of curious in terms of you know how important is athletics spend for your.

515

01:13:27.060 --> 01:13:43.680

Wilson Garland: For your student experience and and you know kind of what's working what's not working and there's obviously a lot of different types of athletics, you know some club sports and intramural some varsity sports I just love to hear sort of how that has fit within your your college experience.

516

01:13:47.640 --> 01:13:58.770

Gabriel Wilkinson: I don't know about regular sports, but I, like the sports we did that ever we did that, for a little while and then cove it happened in our club collapsed right before we were able to go varsity which kind of sucked.

517

01:14:00.390 --> 01:14:09.300

Gabriel Wilkinson: yeah other sports not that i'm a software engineer I don't do real sports just not it's part of the major use don't.

518

01:14:12.060 --> 01:14:22.380

Jess Bickford (She/Her): um I know, for me, and so I came to Castle tin originally for field hockey and decided not to play and then.

519

01:14:23.430 --> 01:14:24.570

Jess Bickford (She/Her): have recently joined the.

520

01:14:24.570 --> 01:14:25.230

Jess Bickford (She/Her): track team.

521

01:14:25.500 --> 01:14:46.350

Jess Bickford (She/Her): This year um one of the things I think that's important to know so from my knowledge, I don't know if any other colleges in Vermont other than ubm in Norwich have sports teams, so I don't know if CCP has said, your APP etc or anything um.

522

01:14:47.640 --> 01:14:54.900

Jess Bickford (She/Her): So one of the things I think that's really important is with the whole rebranding and everything.

523

01:14:57.720 --> 01:15:08.100

Jess Bickford (She/Her): We need to kind of figure out what we're going to do is sports teams, like in general, because I cast it's in there very important, I mean football football is big thing here.

524

01:15:09.330 --> 01:15:12.930

Jess Bickford (She/Her): So, as all the sports and it just brings a different.

525

01:15:14.160 --> 01:15:22.860

Jess Bickford (She/Her): group, like it brings a different environment to castles and especially like on Saturdays when football is playing and the whole tailgates going on outside in our parking lot.

526

01:15:23.880 --> 01:15:30.330

Jess Bickford (She/Her): Like that just brings a different environment to passes it makes it a very welcoming experience, so I think.

527

01:15:31.470 --> 01:15:39.360

Jess Bickford (She/Her): With athletic teams definitely figuring all that stuff out and to put a plug in on track needs track.

528

01:15:40.740 --> 01:15:44.820

Jess Bickford (She/Her): is currently some of our athletics teams, do not have proper.

529

01:15:46.290 --> 01:15:51.840

Jess Bickford (She/Her): or safe ways of practicing so track currently they do it in a gym.

530

01:15:53.160 --> 01:16:08.880

Jess Bickford (She/Her): And when your pole vaulting that is not good when it's a creaking wooden thing that you click together in a gym so definitely helping someone book infrastructure for athletics.

531

01:16:09.960 --> 01:16:13.650

Jess Bickford (She/Her): Where where it's needed to make sure that students are safe and everything.

532

01:16:16.320 --> 01:16:16.740

Cooney, Ryan J.: So.

533

01:16:16.800 --> 01:16:32.550

Cooney, Ryan J.: To go off of that a little bit um and to go off with GABE put in the chat etc does have sports teams we're not nc double a, but I think we're Yankee league or something it's something else it's not nc double a so we're like below that where we try we're here i'm.

534

01:16:32.700 --> 01:16:33.690

Gabriel Wilkinson: trying the word.

535

01:16:34.020 --> 01:16:36.450

Cooney, Ryan J.: yeah yeah where it's more on randolph.

536

01:16:36.870 --> 01:16:42.120

Cooney, Ryan J.: Just due to the size of the Wilson campus, but we do have students who will usually commute down for a couple of the teams.

537

01:16:42.480 --> 01:16:47.070

Cooney, Ryan J.: And play as well, and then we do have like stuff we organize up here for students, like we had a soccer league.

538

01:16:47.460 --> 01:16:55.470

Cooney, Ryan J.: Before i'm coven there's a gym with us, and we have a gym on campus as well that's pretty popular, so I would say, you know there's definitely a case for athletics.

539

01:16:56.130 --> 01:17:06.120

Cooney, Ryan J.: At all the campuses in the future with the vs you I think was really interesting and if it can work with like the nc double a and others what envy you did.

540

01:17:06.450 --> 01:17:16.500

Cooney, Ryan J.: could be a case to be made to continue to have some type of individualized sports teams that each of the campuses moving forward so definitely starting to study and see the feasibility of that.

541

01:17:18.690 --> 01:17:28.710

Gillian MacDonald: yeah going off of what Ryan said envy you does have a large majority of sports and it does bring up a very decent amount of students together at our sporting events like.

542

01:17:29.250 --> 01:17:43.110

Gillian MacDonald: basketball is probably the one sport that, like our stands are always failed at every game they're always failed, and like when we play Johnson we bust students to Johnson if it is Johnson, and vice versa, so if we have a game.

543

01:17:43.980 --> 01:17:52.380

Gillian MacDonald: And like London vs Johnson and it's at London they'll bust students over to us and those buses are always packed in the stands get rowdy no matter who we're playing.

544

01:17:52.710 --> 01:18:00.810

Gillian MacDonald: Like I went to a volleyball game, I think, on Tuesday and the stands were filled and I was like I didn't know this, many people came to volleyball games like.

545

01:18:01.440 --> 01:18:11.220

Gillian MacDonald: When our standard gym is just kinda like in the central location on campus inside the building so like when you're walking by and you see an athletic event happening, most people.

546

01:18:11.580 --> 01:18:22.290

Gillian MacDonald: i'm just stop and play and Kevin to answer your question arm and view our sports are separate right now and I hope that vs esports stay separate.

547

01:18:25.170 --> 01:18:28.350

Alexandra Huff (She/They): Something that we also do and view is.

548

01:18:28.410 --> 01:18:33.210

Alexandra Huff (She/They): To encourage friendly competition is, we have the Presidents Cup.

549

01:18:34.050 --> 01:18:51.480

Alexandra Huff (She/They): Which is where we take the competition's we have against Johnson, and we just keep tally of who wins what in what sports and then, if you're if Johnson's baseball team beats our baseball team they get a point for baseball if our.

550

01:18:52.080 --> 01:19:02.700

Alexandra Huff (She/They): let's see women's soccer team beats their women's soccer team we get a point and, at the end of the year, whoever has the most points gets a physical trophy on their campus.

551

01:19:03.150 --> 01:19:10.080

Alexandra Huff (She/They): The first year of mbu we tied, and I think both campuses were very salty about that, because it was something that.

552

01:19:10.440 --> 01:19:16.560

Alexandra Huff (She/They): The whole envy merger really hurt student pride and Campus identity, a lot so sports wear something that we like.

553

01:19:16.950 --> 01:19:24.750

Alexandra Huff (She/They): really, really, really relied on to just recover from that and then neither of us got to be like i'm better than you.

554

01:19:25.200 --> 01:19:30.930

Alexandra Huff (She/They): So we were all pretty soft T about that and then last year or two years ago.

555

01:19:31.440 --> 01:19:41.310

Alexandra Huff (She/They): Oh, my God what year is it a coven happened in the middle, so we kind of cancel it and then last year half the seasons happened, half of them didn't so we didn't really count that.

556

01:19:41.760 --> 01:19:50.040

Alexandra Huff (She/They): So this year this year somebody's taking home the cup so helped me if there's a tie, I don't know what we're gonna do but we're going.

557

01:19:50.040 --> 01:19:51.150

Gabriel Wilkinson: To cut it in half.

558

01:19:52.560 --> 01:19:53.220

Gabriel Wilkinson: And if, once you.

559

01:19:53.790 --> 01:19:57.120

Alexandra Huff (She/They): Have a trophy, yet we haven't even seen it no one has seen it.

560

01:19:57.900 --> 01:20:04.140

Gabriel Wilkinson: If one team wins the next year just take some duct tape duct tape it back together they get the whole thing it's tradition.

561

01:20:04.170 --> 01:20:13.560

Alexandra Huff (She/They): No, but it's it's a really cool concept, where, again we haven't even seen a physical trophy in the past three and a half years but we're also into it.

562

01:20:14.310 --> 01:20:21.300

Alexandra Huff (She/They): And our President I don't know what he's going to do for Johnson he's planning something, but our new interim president, he just bought Lyndon.

563

01:20:21.810 --> 01:20:29.550

Alexandra Huff (She/They): 300 kazooos to have it, the basketball kids so we can just pause it our opponents and be really obnoxious.

564

01:20:29.940 --> 01:20:47.910

Alexandra Huff (She/They): And i'm so excited I don't think you understand, I am one of the least sporting people unless it's wrestling and we don't have wrestling I would at least 40 people and i'm going to be there, blowing on a kazoo with all my my I am so freaking excited, so we are, we are very into our.

565

01:20:47.910 --> 01:21:02.340

Alexandra Huff (She/They): Sports i'm probably our best sports are basketball and baseball baseball team is scary big we recruited 25 first years for baseball this year, which was a lot and they scare me.

566

01:21:04.080 --> 01:21:18.450

Alexandra Huff (She/They): it's it's great um and we also have a few club teams, we have an intramural program as well, and a lot of our resident assistants and orientation leaders work with athletics to hold dodgeball and three V, three and five feet five tournaments.

567

01:21:19.080 --> 01:21:22.800

Alexandra Huff (She/They): But clubs words we have include ultimate frisbee and rugby.

568

01:21:23.370 --> 01:21:35.850

Alexandra Huff (She/They): And I want to see there's another one, but I don't remember um and they play against other schools but it's also pretty casual to join at the same time, so i'm part of ultimate frisbee because I like taking pictures of them.

569

01:21:36.390 --> 01:21:48.120

Alexandra Huff (She/They): So there's there's a party in it for everybody athletics, is a huge part of our campus where you don't have to be the one chasing after the frisbee and running into a sign cough cough one of the first years during his first week of school.

570

01:21:49.620 --> 01:21:53.490

Alexandra Huff (She/They): And you can still have fun and hang out with all of these cool people.

571

01:21:54.750 --> 01:21:58.380

Alexandra Huff (She/They): We do need kazoos in the stands, we need them Jill.

572

01:21:59.490 --> 01:22:00.150

Alexandra Huff (She/They): it'll be great.

573

01:22:00.870 --> 01:22:06.630

Gabriel Wilkinson: um I like the idea of getting kazoos we don't even really do much sports, I just want kazoos for everyone.

574

01:22:06.990 --> 01:22:08.760

Gabriel Wilkinson: i'd be annoying fun.

575

01:22:10.320 --> 01:22:21.390

Wilson Garland: yeah so we just we have a few minutes left, I guess, I have one sort of follow up question Gabriel you mentioned esports i'm wondering if there any other sort of non traditional sports that.

576

01:22:22.050 --> 01:22:30.120

Wilson Garland: would be of interest to to folks you know, and I guess Alex you mentioned sort of ultimate and i'm wondering like.

577

01:22:32.280 --> 01:22:43.050

Wilson Garland: yeah my biking other you know other things like that X games kinds of things, or whatever those things of interest, or is it more just sort of the more traditional sports.

578

01:22:46.860 --> 01:22:50.820

Kevin McGreal (He, Him, His): Do any of the colleges have like ski teams or anything like that, I mean you think Vermont like.

579

01:22:50.940 --> 01:22:51.300

Gabriel Wilkinson: You have.

580

01:22:51.330 --> 01:22:52.800

Kevin McGreal (He, Him, His): No, I don't know because i'm you know.

581

01:22:52.860 --> 01:22:56.670

Gabriel Wilkinson: We got a ski slope I don't think there's a team on it, but.

582

01:22:57.030 --> 01:22:58.320

Cooney, Ryan J.: Well, I was gonna.

583

01:22:58.350 --> 01:22:59.550

Cooney, Ryan J.: Have 14 gave.

584

01:23:00.690 --> 01:23:02.550

Cooney, Ryan J.: That Rome wasn't built for competition.

585

01:23:02.910 --> 01:23:14.100

Gabriel Wilkinson: No, it was not no, it was not I don't even know if it's going to run this year honestly I don't know I don't know how that one or at all, it just kind of exists.

586

01:23:15.390 --> 01:23:19.980

Gillian MacDonald: London doesn't have a ski team or anything but we have a club called outing club that has.

587

01:23:20.430 --> 01:23:28.980

Gillian MacDonald: A glacier right outside one of our residence halls on a hill on campus and we also actually have a location about five to seven minutes off of campus.

588

01:23:29.310 --> 01:23:39.270

Gillian MacDonald: That you can go and ski on and they often often hold events out there for like nate ski and stuff in that location is actually open to the public, but we do have.

589

01:23:41.550 --> 01:23:57.210

Gillian MacDonald: Another club called skiing ride that Alex was corrected me and said that is in charge of the glyphs or and she's correct um and then we also are partnered with like Burke mountain and JP to get discounted prices for skiing up there, which i'm sure other schools are as well.

590

01:23:58.710 --> 01:23:59.010

Wilson Garland: Right.

591

01:23:59.040 --> 01:24:01.470

Wilson Garland: Thank you hi Jay yeah whenever the last word.

592

01:24:02.970 --> 01:24:08.250

Tajae Edwards: No, I just wanted like talked about like, how does the letter in sports culture here.

593

01:24:09.630 --> 01:24:26.910

Tajae Edwards: allows a lot of people's like in the turnout normally allows a lot of people to like do fundraising activities, a lot of clubs and organizations and word steam, and also wanted to something I like that caches and does is like the see you move for 60 they have different.

594

01:24:28.020 --> 01:24:34.860

Tajae Edwards: Physical and fitness fitness like like activities throughout the day, so you have like water water, we have like.

595

01:24:35.340 --> 01:24:44.580

Tajae Edwards: Cardio and read to me I love lot of those things I think that's a good thing for people to take advantage advantage of or even motivate people to start doing those things.

596

01:24:47.490 --> 01:24:48.510

Wilson Garland: Thanks that's helpful.

597

01:24:50.010 --> 01:24:50.520

Wilson Garland: All right.

598

01:24:50.640 --> 01:25:10.890

Wilson Garland: Any any final thoughts or questions, I just want to say thanks for being here again tonight I realize it's you know late in the day and and it's great to see how engaged everybody is so we really appreciate all your input and look forward to seeing it for the next one.

599

01:25:11.580 --> 01:25:13.020

Kevin McGreal (He, Him, His): I had a quick question.

600

01:25:13.110 --> 01:25:15.120

Kevin McGreal (He, Him, His): yeah so the the format of.

601

01:25:15.420 --> 01:25:21.570

Kevin McGreal (He, Him, His): These advisory meetings will there be a point where you guys have a better idea of how you want to structure these programs and.

602

01:25:21.570 --> 01:25:25.680

Kevin McGreal (He, Him, His): that's how things will look and then you'll present those to us and we can get feedback on that.

603

01:25:26.190 --> 01:25:33.990

Wilson Garland: Absolutely so as as we've been talking about we're in discovery right now we're really trying to understand what's working what's not working, and that sort of thing.

604

01:25:35.310 --> 01:25:42.360

Wilson Garland: The the student experience team and the academic operations team are going to be concluding discovery here in the next few weeks.

605

01:25:42.750 --> 01:25:48.270

Wilson Garland: And then we're going to start in on design and and as part of design them we're really going to be.

606

01:25:48.720 --> 01:26:00.000

Wilson Garland: You know, trying to figure out where we're going what things are going to look like and we'll have things that we want to get your take on and and get your suggestions on once we get to that stage so.

607

01:26:00.810 --> 01:26:04.860

Wilson Garland: You know we're going to continue to kind of go through discovery and some of the other areas as well.

608

01:26:06.180 --> 01:26:16.380

Wilson Garland: So, and I think we, I think we just we have one meeting in November, and one in December and then we'll have more starting in January, so.

609

01:26:17.640 --> 01:26:22.650

Wilson Garland: that's, the plan is to start transitioning more to design discussions once we get there.

610

01:26:25.320 --> 01:26:31.500

Wilson Garland: Right well thanks a lot everyone we'll talk again soon and and hope you have a great rest of your week.

611

01:26:31.920 --> 01:26:33.720

Maurice Ouimet: good night everybody Thank you so much.

612

01:26:42.450 --> 01:26:45.990

Gabriel Wilkinson: i'm gonna go have some dose we have a ghost hunter our campus could be fine.

613

01:26:46.710 --> 01:26:49.080

Alexandra Huff (She/They): ghost hunter we tried to get one and we couldn't.

614

01:26:49.380 --> 01:26:51.240

Gabriel Wilkinson: Really oh my gosh this is worth.

615

01:26:51.270 --> 01:26:51.690

Alexandra Huff (She/They): yeah we.

616

01:26:51.870 --> 01:26:52.560

Gabriel Wilkinson: need a connector.

617

01:26:52.620 --> 01:26:53.310

Alexandra Huff (She/They): A week.

618

01:26:53.400 --> 01:26:54.990

Gabriel Wilkinson: We need to connect our student activities.

619

01:26:55.830 --> 01:27:03.120

Alexandra Huff (She/They): Okay, Gabriel i'm like texting emailing you after this meeting we literally tried to get one, and they were like Oh, we could.

620

01:27:03.180 --> 01:27:05.160

Gabriel Wilkinson: I can, I can get you into contact with our.

621

01:27:05.880 --> 01:27:08.520

Gabriel Wilkinson: Our student activities coordinator he's.

622

01:27:09.630 --> 01:27:10.320

Gabriel Wilkinson: As well yeah.

623

01:27:11.070 --> 01:27:19.230

Alexandra Huff (She/They): Pulling us we're also we're located down a student activities coordinator pro staff, right now, which is probably why a lot of stuffs happening, but.

624

01:27:21.720 --> 01:27:22.980

Alexandra Huff (She/They): So jealous.

625

01:27:24.480 --> 01:27:26.340

Gabriel Wilkinson: Let me quickly grabbed my.

626

01:27:26.910 --> 01:27:29.550

Meg Walz: email guys i'm gonna i'm gonna close the meeting.

627

01:27:29.910 --> 01:27:30.540

Alexandra Huff (She/They): All right.

628

01:27:31.110 --> 01:27:32.610

Alexandra Huff (She/They): yeah email me i'll email you.

629

01:27:32.970 --> 01:27:33.390

All right.

630

01:27:34.440 --> 01:27:34.830

Alexandra Huff (She/They): bye.
