

Chancellor's Innovation Fund Grant Application Guide

1. Purpose of Chancellor's Innovation Fund Grants

The Chancellor's Innovation Fund is a strategic initiative to foster collaboration, innovation, and creativity across the Vermont State Colleges System (VSCS). It is designed to support projects that involve faculty and staff, promote cross-campus and interdepartmental collaboration, and help advance the system's mission and strategic priorities. Faculty and staff applicants may engage students in their proposed project, but students may not apply independently for funding.

2. Eligibility

Eligible applicants include:

- Faculty and staff from any VSCS institution, including shared services staff.
- Preference will be given to teams that form across departments, campuses (CCV academic centers and VTSU campuses), and roles in order to leverage diverse perspectives and foster a system-wide sense of unity and collaboration.

3. Application Basics and Grant Awards

- **Funding Amounts:** Applicants may request funding up to \$50,000. While there is no minimum amount specified, proposals should reflect a thoughtful and realistic budget that aligns with project goals.
- **Grant Term:** Projects will be awarded for a term of one calendar year. Grantees may request a six-month extension if additional time is needed, provided the request is made at least 30 days prior to the original project end date.

4. Scoring Criteria

Proposals will be evaluated on the following criteria:

- Alignment with VSCS Mission & Strategic Priorities: Projects should demonstrate a clear connection to the VSCS mission and address multiple strategic objectives in innovative ways. Strong proposals will show how the project contributes to student success, operational efficiency, and community engagement.
- Integration and Collaboration: Successful proposals will involve collaboration across departments and institutions. The strongest proposals will feature comprehensive partnerships between CCV and VTSU, Shared Services, and other stakeholders across the system, fostering system-wide synergies and a unified approach.
- Project Feasibility and Sustainability: Proposals should include a detailed implementation plan, showing the steps necessary to achieve project success. Projects

with clear, sustainable outcomes and the potential for long-term impact will score higher.

- Innovation and Creativity: Innovative and transformative ideas that offer creative solutions to institutional or operational challenges will be given priority.
- Measurable Outcomes and KPIs: Proposals must include well-defined objectives and/or measurable Key Performance Indicators (KPIs). Projects should demonstrate a clear plan for how success will be measured and reported.

For more detailed scoring guidelines, refer to the [Chancellor's Innovation Fund Scoring Rubric](#).

5. Application Process Outline

- Step 1: Application Submission: Proposals must be submitted via the online application system by **November 8, 2024**. Applications should include:
 - A detailed project plan and timeline
 - A clear description of the project's goals, alignment with strategic objectives, and measurable outcomes
 - Budget and budget narrative
- Step 2: Evaluation & Scoring:
 - Proposals will be reviewed and scored based on the criteria above by the Chancellor's Innovation Fund Committee, which consists of diverse leaders from across the VSCS system:
 - Ernesto Fernandez, VTSU Director of Institutional Advancement
 - Wilson Garland, VSC Director of Transformation
 - Jen Garrett-Ostermiller, VTSU Director of the Center for Teaching & Learning Innovation (CTLI)
 - Aimee Stephenson, CCV Director of Resource Development
 - Heather Weinstein, CCV Dean of Strategic Initiatives and Student Affairs
 - Fern Fryer, CCV Faculty, Academic Council Member
 - Meaghan Meacham, VTSU Faculty Assembly Moderator
 - The committee will submit top choices to the Objectives Leadership Committee (OLC) for final review and approval, which shall include:
 - Beth Mauch, Chancellor
 - Nolan Atkins, VTSU Provost and Vice-President of Academic Affairs
 - Dave Bergh, VTSU President
 - Mary Brodsky, CCV Dean of People and Culture
 - Joyce Judy, CCV President
 - Sharron Scott, VSC Chief Financial Officer and Chief Operating Officer
- Step 3: Notification of Awards: Applicants will be informed of their funding status by **December 9, 2024**.

6. Reporting Expectations and Timelines

- Progress Reports:
 - o Grantees must submit a progress report with updates on project milestones, objectives/KPIs, and budget usage 6 months into the approved project timeline.
- Final Report:
 - o A final report is due within 30 days of project completion. The report should summarize the outcomes, evaluate KPIs, and discuss lessons learned and long-term sustainability.
- Extension Requests:
 - o If additional time is required, a six-month extension may be requested at least 30 days before the project end date.
